

Former Aurora Editor To Tell Own Story Of Quitting Banner

Last week's issue of the Aurora Banner announced a "change of management". According to the announcement, Col. F. J. Picking, former managing editor of the Richmond Hill Liberal, becomes president of the Aurora Banner Publishing Company Limited, and publisher of the paper.

The sale of the Banner prompted much speculation and rumor. Accordingly, we are happy to be able to make the following announcement. It will, we believe, answer many of the questions that subscribers to both the Banner and The Era and Express have been asking. The Editor.

J. G. Sinclair, whose reports of Aurora town council proceedings, editorial and other writings concerned with local problems in Aurora, have been eagerly read by an increasing public during the past year and a half, will issue a personal statement in next week's issue of The Newmarket Era and Express.

In this article Mr. Sinclair will vividly describe how he learned of the sale of the Aurora Banner only on the day of its sale, and of his reactions to such unexpected news, given to him in an interrogatory manner, viz: "Have you heard around town?..."

He will also comment on the sustained efforts he has made, over the past 14 months, often in the face of much opposition, to keep the citizens of Aurora fully informed on problems that intimately affect their local interests.

Probably no editorial writer ever quitted a newspaper, with which he had been so closely associated, in such curious circumstances as Mr. Sinclair describes; and while it will dissipate many rumors in Aurora, the article is sure to be widely discussed.

To be certain of obtaining a copy of next week's Newmarket Era and Express, place an order with any one of the following newsagents: O. D. Hess, John Morning, B. G. Whitelaw, J. Willis, Yonge St., Aurora.

King Scout Dave Lyon, Newmarket, is presented with the Gold Cord by District Commissioner Richard Edmunds, Richmond Hill, at the annual father and son banquet for Scouts and Cubs last Friday night. The banquet, held in the Scout Hall in Newmarket, was chaired by the Scout group committee chairman, Percy Hutchinson. King Scout Lyon, 17, son of Mr. and Mrs. David Lyon, 9 Arthur St., was urged to continue Scouting and attain his next decoration, the Bushman's Thong. Photos by Budd.

Bill Armstrong, son of Mr. and Mrs. Arleigh Armstrong, Newmarket, receives his King Scout badge from Assistant Field Commissioner John Snow. Over 135 attended the father and son banquet.

District Roads Impassable In Rains, Thaw

Township roads in the Newmarket and Aurora district have been turned into quagmires during the past week. The rapid spring thaw and rains made a top layer of watery mud on side-roads and even wide gravel roads in some cases were impassable. One district taxi driver said, "If you have to travel off the paved roads, you've had it."

In King township the road superintendent Chalmers Black said that in three or four days, roads seemed to fall away. Rains washed out holes at 23 culverts and the dam road at Glenville was partially washed away when a culvert was clogged.

In Whitechurch township many roads were impassable. East Gwillimbury reported similar conditions and blamed heavy trucks for churning up the roads. Delivery vehicles were the few successful travellers.

Farmers used horse-drawn stone boats to convey milk to highways in King and roads were dotted with abandoned or parked cars. Many farmers in the Schomberg district resorted to horses and wagons for travel into the village. Two Schomberg creamery trucks took 12 hours last Friday to serve 26 customers on a 60-mile route. They were towed three times. Mail carriers walked long distances or gave up part of their routes.

Rev. M. R. Jenkinson, King, walked a half mile on a muddy road to Laskay United church Sunday. Father Francis McGoe, Schomberg, motored to Yonge St., Oak Ridges and travelled back on the King side road in a long round-about route to Sacred Heart church.

Residents along the eastern end of the canal in the Holland Marsh were relieved of anxiety last Friday when rain stopped. The rising level of the canal was a warning that sandbags might be needed but the water level dropped before the danger mark was reached.

HOLD RANGERS' DANCE

C Squadron, Queen's York Rangers, is preparing for a dance to be held on Friday, April 13, to mark the official opening of the new renovated Aurora Armories.

The dance will be held on the Armories' new armory floor. A certain amount of military equipment will be exhibited in the building. It will be the first time the public will be able to see the new headquarters for the reserve unit.

Producers Seek More Of Milk Price Share

The milk producers are applying to the Milk Control Board to re-open negotiations on the price of milk paid to them. At a meeting of producers from this district, at Stroud on Tuesday, it was voted to recommend a price in keeping with the revised figures of Dr. Hope, economist for the Canadian Federation of Agriculture.

In 1950, Dr. Hope estimated the producer should receive at least \$4.65 a hundredweight. The producers are currently receiving only \$4.20 a hundredweight. This increase would amount to one cent a quart to the consumer. It represents a ten percent increase to the producer but only five percent increase to the consumer.

The producers have contended all along that they have been penalized in increases in the price of milk to the consumer.

"It is time we started charging for milk on the basis of our costs, not the dairy's cost or the workers' wages," one contended. "It is time that we started charging for our milk at the cow, not at the dairy. Our costs have continued to increase, just like everyone else's, but we are always at the tail end of any increase in the price of the consumer."

The price of milk to the producer was \$4.05 per hundredweight in 1947. In three years it has risen only 15 cents per hundredweight, and this increase has also included increases in freight costs of five cents so that the net increase to the producer has been only ten cents.

A resolution was passed to urge the producers' executive to publicize the position of the shipper. "Everyone else puts their story before the public, why not the producers?" it was asked. The producers have a story to tell, a story of continued low prices while all other costs were steadily rising. "There would be no objection to increases if the producers' position was understood by the public," it was contended.

There was considerable resentment at the appointment of Mayor McCallum as consumers' representative to the milk control board. It was said that he knew nothing about the milk situation, that the sole purpose of the appointment was to hold down the price, and finally, that the appointment was political.

Find Child In Water-Filled Excavation

Three-year-old Bruce Harrison who fell into a water-filled excavation in the V.L.A. subdivision on Queen St., Newmarket, an hour before noon, was pronounced dead after two and a half hours.

Dr. G. M. Peever and Dr. W. C. Arkinstall gave artificial respiration to the child; Newmarket firemen Denne Bosworth and C. A. Curtis assisted with an inhalator.

The son of Mr. and Mrs. Reg Harrison, Bruce, was playing near his home, the last house on the east end of Queen St. Across the street is a vacant lot owned by E. D. Rollings. The excavation, surrounded by mounds of earth, was made nearly a year and a half ago.

A brother of Mrs. Harrison said that she had been afraid to let the children play outside because of the danger of the excavation. There was five feet of water in the hole this morning.

Mrs. Harrison noticed that her child was missing outside the house and immediately phoned her husband who works at the W. H. Eves lumber yard. Mr. Harrison drove directly to the vacant lot and pulled the child from the water. Mrs. Lillian Rank, a neighbor, immediately started artificial respiration at the edge of the road.

The doctors were still working on Bruce at 1 p.m. in the living room of Mrs. Rank's home, one lot west of the vacant property. Chief Constable Byron Burbridge left Newmarket at 12 noon for Toronto to pick up extra cylinders for the inhalator.

Red Cross At \$2,800 Mark, More To Come

The Newmarket and district Red Cross fund has reached \$2,830 with returns still to be reported, according to Alex. McKay, manager of the Bank of Toronto, and chairman of the local campaign. The bulk of the returns so far came in following the three-hour campaign last Thursday evening.

Newmarket's objective is \$4,000.

The drive last Thursday was signalled by the blowing of factory whistles at 8 p.m. and at 9 p.m. when the drive closed. At the signal, volunteers began a house-to-house canvass. The arena and the show were also canvassed.

"We are very pleased with the results to date," said Mrs. G. E. Case, president of the Newmarket branch of the Red Cross. She expressed the appreciation of the Red Cross to the factories for their co-operation, and to the captains and canvassers. The former were Mrs. Jack Booth, Mrs. H. A. Jackson, Mrs. O. Hayes, Mrs. F. Robinson, Mrs. Curtis, Mrs. H. Dunham and Ernest Wright.

DISTRICT COMMISSIONER SPEAKS

Scouts And Dads At Annual Banquet

District Commissioner Richard Edmunds, Richmond Hill, was the guest speaker at the annual father and son banquet for the Newmarket Scouts and Cubs Friday night. The commissioner was accompanied by Assistant Field Commissioner John Snow.

Scouts and Cubs were presented with awards and prizes. Later, Percy Hutchinson was re-elected chairman of the Scout group committee.

"Fathers must be interested in Scouting with their own boys and willing to help in any way they can; we teach by our example," the commissioner told his audience of nearly 140. He said that with the co-operation of fathers with leaders, much more could be accomplished in Scouting.

"Scouting helps to train our boys to be good citizens. Fathers ought to be interested in what their boys are doing. They should know something of the books they read, about their choice of friends and hobbies. Many problems can be solved in strengthening the family as a congenial unit."

"Evil is always ready; temptation is always near. Through

Scouting, boys are mentally prepared to overcome evil and resist temptation," he said.

Councillor J. O. Dales and Mayor Joseph Vale, municipal representatives, spoke briefly at the banquet chaired by Mr. Hutchinson.

Grace was said by the chaplain of the troop, Rev. James T. Rhodes. The flag break was followed by the toast to the king proposed by Mr. Hutchinson. John Hines proposed the toast to the Scout company leader, King Scout Doug Cockburn, who also proposed the toast to the fathers.

Prizes were presented for the apple day campaign with awards going to the three highest collectors, John Gable, John Hopper and Howard Brice. Dave Lyon received his Gold Cord and Bill Armstrong his King Scout badge.

A vote of thanks was proposed by Scoutmaster Bert Budd to the Scout-Guide Mothers' Auxiliary which prepared and served the dinner. Mrs. Budd responded. Percy Hutchinson was re-elected as chairman of the Scout group committee following the father and son banquet; 30 fathers remained for the meeting and Commissioner Edmunds presided.

Following the regular business, a report on the Newmarket Legion's offer to provide leadership for the Scout company was presented by Scoutmaster Bert Budd.

On the suggestion of Commissioner Edmunds, ten men were appointed to form the group committee. The following were appointed: Percy Hutchinson, Howard Brice, John Hines, J. T. Rhodes, N. Callaghan, Garnet Fairbairn, P. Killo, Percy George, A. Mills, G. Sweeney and T. Bales.

Rev. Fred Breckon moved a vote of thanks to those who had been carrying on the work of the (Page 7, Col. 6)

The Newmarket Legion Auxiliary euchre, dated for Thursday, April 5, has had to be postponed until April 12.

WOULD SHARE ENFORCEMENT COST

Municipalities Attack Dog Nuisance

A dog catcher and pound, the cost of which would be shared by several municipalities, has been discussed by Richmond Hill, Aurora, Markham and Vaughan. Newmarket, also troubled with dogs, has been invited to share in the talks.

On Monday night, Mayor Alex. Bell, Aurora, was appointed to represent that municipality on a fact-finding committee.

It was suggested that the municipalities also discuss the possibility of sharing the costs of an incinerator which would serve the large centres in north York.

There was no council meeting in Newmarket this week and the proposals have not been discussed, but it is believed that Newmarket would be interested in the proposal. The townships of Whitechurch and East Gwillimbury also show considerable interest in the proposal.

It was pointed out that most municipalities of the size of those in North York cannot afford the cost of a full-time dog catcher and pound, and that part-time arrangements are not completely satisfactory. But by sharing the costs, several municipalities to-

gether could enjoy greatly improved service.

In interviews with township officials yesterday, The Era and Express found that a chief concern among councils is the annual costs to the municipalities of damage to sheep by dogs. Last year Whitechurch twp. paid out \$1,193 to farmers whose sheep and cattle had been killed or injured by dogs.

East Gwillimbury paid out \$710 last year for sheep damage. Clerk of the township, J. L. Smith, said that many farmers had abandoned sheep raising because of high losses caused by dogs.

A sheep raiser himself, Mr. Smith said he is forced to keep his animals in buildings at night. "Sheep like to eat grass at night when there is moisture on the ground and they should not be kept in but with dogs free to roam, it is not safe to leave them outside."

"The government and agricultural specialists are always stressing the need for more sheep," he said. "This year the price of sheep is high. There are not many raising sheep and we see less and less lamb for sale in the

stores and restaurants. We need more sheep in the country but the thing is to control the dogs."

Farmers are justified in shooting dogs on their property for such a good reason but many of them will not take such action. The idea of one dog catcher who could clear out a township or community of stray dogs has brought a favorable reaction.

In Newmarket there have been many complaints, particularly at this time of year, about dogs running in packs. Several incidents have been reported where children have been bitten and have required medical attention. The town council passed a resolution for a new dog by-law recently, presumably to keep dogs tied up the year round instead of in the summer months alone. Richmond Hill is in the process of adopting a year-round by-law. Newmarket has had no dog catcher nor a satisfactory pound.

The southern municipalities believe that with the cost of a catcher and a pound shared by a number of communities, it would cost little to efficiently enforce the dog by-laws.

Forecast Increase In Aurora School Costs, Public School: \$6,500

Higher school costs in the Aurora budget were forecast at the council meeting on Monday night when Councillor Harold Pringle, chairman of the finance committee, submitted his preliminary report to council.

He noted public school costs had risen from \$24,000 last year to \$30,500 this year, a difference of five mills. Rising teacher costs and lower grants were main reasons for the increase, Mr. Pringle noted.

The committee will meet again to set the tax rate which is expected to be announced by April 9.

Other highlights of the report were the proposed annual grant to the library of \$1,850, a cost of 50 cents per capita, a proposed grant of \$100 to the horticultural society, a change in the payment to the mayor for his services.

Mayor Bell at present receives a flat \$250 annually. The proposal contained in Mr. Pringle's report is that he receive the same remuneration of \$5 for a council meeting, \$3 for committee meetings, that the rest of the council receives, in addition to his annual payment. Councillor Victor Jones expressed some doubt as to the timing of the proposal, but other members of council

pointed out that the increase had been proposed last year and not passed, and that the mayor, who is constantly on call, carries a heavy burden of duties.

Council also agreed to keep the Mechanics' Hall for the present and to arrange with the Lions club and the recreation commission for its use as a community hall.

A report on the possibility of the disposal of Collis Leather after through the town sewage system was tabled and will be discussed at an early meeting.

A letter was read from the Aurora Young Progressive Conservatives, members of which had attended a recent council meeting, expressing their appreciation for the manner in which council business was carried on.

A resolution of regret at the departure of Mr. and Mrs. Harold Lubbock, former publishers of the Aurora Banner, was passed and resolution welcoming the new publisher, Col. F. J. Picking, was also passed.

Busy Beaver Toy Rebuilders Take Gift To Ont. Hospital

Members of the Busy Beavers club and their leader, Harold Tite, took a load of repaired toys to the Ontario Hospital, south of Aurora, on Saturday afternoon. The party was greeted by Dr. Wredelick, superintendent, and after sandwiches and ice cream, the boys were taken on a tour of the building.

The Busy Beavers are an offshoot of the Sunday-school class conducted at Trinity United church by Mr. Tite. The boys meet once a week to repair brok-

en toys. Before Christmas, the toys were prepared for the Lions Christmas baskets. Since then, the boys have worked on toys for the hospital patients.

"We need all the broken toys we can get," said Mr. Tite. "When you are spring cleaning, if you would save the toys you might otherwise throw out, we will come and get them." Mr. Tite's phone number is 855.

In the party which visited the hospital were Donald Jackson, Wayne Woneh, Louis Hookings and Ernest Tite.

Miss Jean Rynard, Mr. Rod Rynard and a friend left on Monday by motor for Los Angeles, Cal., where they will spend a couple of weeks with Mr. and Mrs. Rowley and son. Mrs. W. J. Rynard, who has been there for the past six months, will return home with them.

SHARON

United church service will be held at the church next Sunday, April 8, at 7.30 p.m. Sunday school will be held at 10.30 a.m. Everyone welcome at both services.

Mr. and Mrs. Fred Hall, and Mr. and Mrs. O. W. Robertson, Margaret and Billy visited Mr. and Mrs. Donald Wood at Whitby last Thursday.

Miss Ilo Rose of Hartman spent a few days with her sister Mrs. Harry Moss and Mrs. Wreggit.

Miss May Wolfe of Toronto spent a few days with Mr. and Mrs. David Coates.

Mr. and Mrs. Fred Hall and Mr. Arthur Hall visited Mrs. Norman Kay and family of Van-dorf on Sunday.

The sympathy of the community is with the Devitt and Gartschore family in the sudden passing of Mr. Devitt.

Mr. and Mrs. E. R. Fry spent Monday in Toronto.

The Women's Association of the United church will meet at the hall on Thursday, April 12, at 10.30 a.m. Will the ladies come early to quilt and please bring something for a pot luck dinner. All the ladies are welcome.

day, April 8, with Mr. Nathan Muir in charge. Sunday school invited to both services.

Mr. Walter Hirst has sold his property on the Pine Orchard road.

Mr. and Mrs. Jack Preston and family of Queensville have moved to our community.

Mr. and Mrs. Reuben Ireland have moved to a farm on the 7th, south of Ballantrae.

Mr. Howard Lehman has started an industry at his home. All the milk shipments have to be brought by tractor and wagons to the main road at present.

Mrs. W. Reid, Miss Helen Reid and Mr. S. Gibney were recent guests of Mrs. Reid's niece, Mrs. D. Farlity, and Mr. Farlity at Malvern.

Home in the United church on April 17 when Miss Anna Lewis, provincial superintendent, will be the guest speaker. She will show her wonderful pictures taken at the meeting in Denmark and at the convention of the A.C.W.V. of the World last year.

Word came from Kirkland Lake on Sunday afternoon that Mrs. W. S. MacGuire had had a heart attack and passed away.

Mrs. MacGuire was formerly Elizabeth Hamilton of Mount Albert, eldest daughter of Mrs. Agnes Crowle, and only last Sunday, Mrs. Crowle had gone to stay with her daughter because of ill health. Mrs. MacGuire went to Kirkland Lake some years ago as a school teacher and when she married, made her home there. Mr. MacGuire was connected with a gold mining company.

We extend our deepest sympathy to Mr. MacGuire, Ann Louise and James, and Mrs. Crowle, her sister, Mrs. Blaine Moore of Gananogue, and brother, Dr. J. Hamilton of Geneva, N.Y. After service at Kirkland Lake the late Mrs. MacGuire was brought to Mount Albert on Wednesday for a service at the chapel and burial in Queensville cemetery.

On March 26 a very enjoyable evening was spent at the home of Mr. and Mrs. Wm. Rolling who celebrated their golden wedding anniversary. After cards and checkers refreshments were served. The house was decorated with snapdragons, daffodils and roses. The couple was presented with an electric kettle and gold trimmed teapot.

The following were present for this occasion: Mr. and Mrs. James Rolling, Mount Albert; Mr. and Mrs. John Lunau with Beth and David, Aurora; Miss Stella Rolling, Claremont; Mr. and Mrs. Art Rolling, Port Burwell; Mr. and Mrs. Herb Pegg, Mrs. James Keir, Mr. Irving Rolling, Mr. and Mrs. Howard Couch, Audrey, Don and Ken, Mr. Wilmot Thompson, Patsy Knight, Mr. F. Harvey, all of Mount Albert.

One son, Mr. Ern Rolling, was unable to attend, being at home on the sick list.

Our heartfelt congratulations to Mr. and Mrs. Rolling.

Mr. Robt. Wilson is confined to his bed. He has been in rather poor health for some time.

Mrs. Olson spent several days in Toronto this week.

The stewards of the United church are rebuilding the front of the church auditorium by changing the pulpit and choir loft which should be an improvement when completed and also add more seating capacity.

The Cheerio club meeting which was postponed because of bad roads will meet on Saturday, April 7, at the home of Mrs. Ernest Davis. This is the meeting to pay your fees.

Mr. and Mrs. Stewart Stickwood, Mrs. Milton Gibney and Mr. and Mrs. Roy Carr visited Mr. Milton Gibney at Toronto hospital, Weston. Mr. Gibney's many friends will be glad to know that he is improving.

257 Hog Producers Tour Meat Packing Plant

On Friday last a group of 30 hog producers from Scarboro, North York and Etobicoke visited the Canada Packers to study marketing and processing of pork. This was the eighth group bringing the total to 237 for the county in a campaign sponsored by the York County Hog Producers.

The groups were organized by the township committees of the Producers' Association and the program at the plant was arranged by Agricultural Representative W. M. Cockburn in co-operation with the staff of the hog grading service of the dominion department of agriculture and the packing plant. In the morning the men went over a half dozen live hogs and gave their opinions as to how they would kill out, then following lunch as guests of the plant and a plant tour, these same hogs were scored by the men on the rail. This was most interesting and provided many surprises.

Next came a visit to the feed and fertilizer department where everyone had a chance to see the various ingredients used in the feed business. Last and most educational was the pork cutting demonstration in which an A and C carcass were cut up into wholesale cuts, weighed and value computed for each. A comparison of the value to say nothing of the quality of the meat convinced the most skeptical of the value of producing a quality hog to maintain consumer demand.

MOUNT PLEASANT

The heavy rains have left the roads quite bad with many bridges very dangerous. The road commissioner is fixing them as fast as he can.

Sorry to hear that Mrs. Brown is suffering from a sprained hand.

Mr. and Mrs. Lloyd Stiles had Sunday supper with Mr. and Mrs. Ross Stiles.

Mr. and Mrs. Martin Stiles and son Mason of Toronto spent Sunday afternoon with Mr. and Mrs. Bernard Davidson.

Mr. and Mrs. Harry Davis and Neil and Mr. H. Davis Sr., of Lakeview spent Saturday with Mr. and Mrs. Robt. Davidson.

The Bible study will be held at the home of Mr. Wm. Moulds on Tuesday evening commencing at 8 p.m. All are welcome.

MOUNT PISGAH

The March meeting of the Whitcomb six and seven Home and School Association was held at S. S. 7 last Friday evening. An interesting program was provided by Mrs. Kays, Home Education convener, and Mr. Dewitt of the National Film Board.

Mrs. Kays and Mrs. Barlow each gave a report on a day at the Home and School convention in Toronto which they attended last Tuesday and Wednesday.

The entertainment was provided by Mr. Ian Reid, who with the assistance of Mrs. Kays, conducted a musical contest. Miss Chalmers and Mrs. Marshall were each presented with a prize for identifying the most tunes. A lovely lunch was provided by the ladies and served by our social committee.

We wish to thank all who donated to our rummage sale and auction and also to remind you that if you have not already made your contribution there is still time. For immediate pick up, call Aurora 8422 or Stouffville 64213 before Saturday noon. Among our donations is a registered springer spaniel pup of winning field trial strain, donated by Dirk Kennels. We hope all our readers will be out to take advantage of the many bargains and surprises in store for them at Vandorf hall Saturday, April 7. Rummage sale at 2.30. Auction sale 8.30 p.m.

Midland Man
Buys A. G. Lee
Paint Store

In retail business for 32 years,
the last 21 years of which have
been in Midland, H. Lorne
Stephens has purchased the A.
George Lee paint, wallpaper and
floor covering store on Newmar-
ket's main street.

Associated with Mr. Stephens
will be his 20-year-old son, Ken,
who has recently graduated from
a business course after a year at
Queen's University.

Mr. Lee will continue with the
store in charge of the laying of
floor covering, but because of
health, was forced to surrender
ownership and management res-
ponsibilities.

H. LORNE STEPHENS

Mr. and Mrs. Stephens are na-
tives of Arthur, Ont. Both were
educated there and there they
were married 23 years ago. Mrs.
Stephens, the former Margaret
Dryden, was deputy registrar of
deeds in North Wellington, prior
to her marriage.

Mr. Stephens served in world
war one with the 18th battalion,

KEN STEPHENS

infantry, from 1915-19, joining at
the age of 22. He suffered from
gas and shell wounds and has
been on partial disability pen-
sion.

Following discharge he spent
two terms of four years each
with dry goods departments of
stores in Creemore and Barrie.
He came to Midland in 1930, first
as assistant manager of the Can-
adian Department Store outlet,
and later with Edwards Specialty
Shop with whom he has held
senior posts for nearly 18 years.

Member of the board of stew-
ards of St. Paul's United church,
where his wife is vice president
of the Women's Association, Mr.
Stephens has also been active in
the I.O.O.F., the Masonic Lodge
and the Y.M.C.A. His son, Ken,
was educated in Midland, sings in
St. Paul's choir, teaches a Sun-
day-school class and has been
active in Y.M.C.A. camp work for
some years. He has had retail
experience in departmental and
hardware stores.

Planning Saves For The Future

By E. H. CLARKE

Aurora Planning Board

In previous articles, some spec-
ific fields in which the planning
board functions have been re-
ferred to. This article will con-
tinue this recital. A broad func-
tion of the Aurora Planning
Board is the approving or other-
wise or new sub-divisions. The
procedure in such cases is:

Section 25 of the Planning Act
covers the requirements and in-
formation to be included with
the application for approval of
subdivision plans. These in-
clude the approximate dimen-
sions of the proposed lands, the
nature of adjoining lands and
natural features of the lands to
be subdivided, including water-
courses, swamps, wooded areas
and contours required to deter-
mine the grade of the proposed
streets and the drainage of the
land. In addition, the infor-
mation must be provided by the
subdivider as to the nature and
porosity of the soil and the avail-
able municipal services.

Normally this information is
provided by the subdivider on
his draft plan, and discussed with
the board which studies the plan
as to whether it (1) conforms to
the official plan and adjacent
plans of subdivision, (2) whether
the subdivision is premature, (3)
the suitability of the land for the
purposes for which it is being
subdivided, (4) the dimensions
and shape of the lots, (5) the
restrictions on the land, buildings
and structures proposed to be
erected thereon, and whether or
not these restrictions are in ac-
cord with those imposed on ad-
joining properties, (6) conserva-
tion of natural resources and
flood control and (7) whether or
not the municipality is able to
provide public utilities and mun-
icipal services to this subdivision.

The board may require the sub-
divider to make changes in his
lot pattern and street pattern
suitable to the general area and,
as a condition of approval, may
require the subdivider to agree
to the passing of a by-law cover-
ing the entire area of the propos-

ed subdivision to enforce desir-
able restrictions on the type of
building that may be erected on
the proposed subdivision.

In considering plans of subdi-
vision, the board is most concern-
ed that they are in the best in-
terest of the municipality as a
whole, that they do not damage
existing economic values and in-
vestments and that they provide
for the convenience and welfare
of the future inhabitants of the
subdivision.

When full consideration has
been given by the board, the
board then recommends approval
of the plan or the amended
plan of subdivision to the minis-
ter of planning and development
who in turn, after consulting
with provincial authorities and
commissions, may then give his
approval to the plan, whereupon
the subdivider may proceed to
prepare the final plan, certified
by an Ontario Land Surveyor,
and submit it for registration.

Parking Lots

Off-street parking has been
considered by the planning board
from its very beginning. Fortu-
nately there has always been
someone close to the board of
trade executive on the planning
board and this matter of off-
street parking has been referred
back to that body. We hope the
proposed temporary solution
worked out by the board of trade
will be effective. The planning
board, in its second annual report
to the citizens of Aurora, pre-
sented at the 1949 nomination
meeting, made certain sugges-
tions—not only for off-street
parking but for a compact civic
centre. The report said in part:

Use of School Building

"The board is pleased to pre-
sent with this report a scheme
for the proposed development of
the public school property on
Church and Victoria Sts. as a
civic centre. The board is of the
opinion that this area, together
with the high school property,
is in every sense an asset of great
value to the town and particu-
larly for the future town devel-
opment. In the near future the

public school property will be
available for other use, and the
need for proper administration
offices, together with space for
the many and varied citizen ac-
tivities in the town, can be pro-
vided on this site. The board,
therefore, presents for the con-
sideration of Aurora citizens the
proposed development of this
area. The scheme provides for
alterations to the present public
school building for accommoda-
tion of the following:

Council chambers, civic offi-
ces, police offices, hydro offices,
civic auditorium, some smaller
assembly rooms for the accom-
modation of semi-public bodies,
public library, health centre,
magistrate's court and offices,
parking space for at least 40 to
50 cars, landscaping essential to
set off the building or buildings.

For its success, the scheme re-
quires the wholehearted co-opera-
tion of the board of trade and
the owners of Yonge St. prop-
erty, as well as the support of the
citizens of Aurora.

During the past three or four
years, the Aurora planning
board has held each year about
20 meetings with the one hope
that their voluntary services
may contribute a little toward a
satisfactory community. Some
things have been accomplished—
much remains to be done. The
Basic Land Use By-Law sug-
gests that certain undeveloped
areas be used later for residential
purposes. Broad plans for
streets, shopping centres, etc.,
should now be made before any
requests are presented for sub-
division permits. A meeting call-
ed by the board, to which all the
property holders on Kennedy St.
west of the tannery creek were
invited, was held to discuss this
matter.

By planning ahead of time, the
town will be saved much unnec-
essary expenditure in roads and
services and the community serv-
ed to the best advantage.

Pages from the Editor's Notebook

We learned about square dancing on Friday night the hard way. We went to one.

The Falcon Hunt club entertained a Toronto club which has a camp nearby to an evening in the country. At least, that was the order from the guests. Well, it is that what they wanted, they surely got it. There was a lot of stiff muscle on Saturday morning.

Sparky Longhurst was calling 'em off but the visitors, including the author of this piece, were making so much noise trying to catch up with their partners that no one heard him. Well, it doesn't matter. They didn't know what he was saying anyway. We had a swell time although we were told the following morning that you don't gallop like a horse when you are supposed to be doing a one-step. That hurt. We had been pretty proud of the way we whirled our partner (bless her). She certainly had staying power, and a lot of patience. We were dead on our feet after the first set.

Harold Tite's Busy Beavers took a load of toys down to the Ontario hospital at Aurora on Saturday. The Busy Beavers are a Sunday-school class that Harold teaches at Trinity United church. Every Wednesday, they meet in the basement of the Tite home on Bolton Ave. where they repair broken toys. Before Christmas, the toys they repaired were given to the Lions club for inclusion in the Christmas baskets. Since then, they have worked on the toys for the hospital.

The group was greeted at the hospital with sandwiches and ice cream and then taken for a tour of the building. The big kitchen fascinated them, of course. They also toured the

day-room where the hospital patients were gathered.

The latter might seem a little extreme to anyone unfamiliar with the hospital. We thought it an excellent thing. The Beavers met face to face with for so many a subject too dreadful to discuss. The hospital patients are what is described as mental defectives. The why or how of a mental defective is not fully understood. But there they are, and it's only fooling yourself to pretend they don't exist. When the fact is acknowledged and when you can see what is being done for them, what little there is that can be done, they fall into their proper perspective in nature's scheme of things.

We thought the Beavers had an opportunity to learn a sound lesson in life and from talking to them afterwards, it would appear they made the most of it. Certainly, they are full of zeal to continue their work.

We dropped in on Frank Van Mook, who runs the service station at Hamilton's Corners, for our monthly argument with him. Frank is never at loss for a word on any subject under the sun. There are a lot of people who will sound off, but Frank generally has something more than good intentions to back him up. He took us over the jumps about the statement of editorial belief which appears at the bottom of this page. He had a point, we must confess. The gist of it was that no people can effectively employ the state as an agent in international affairs until the people is sufficiently educated, and sufficiently concerned, to examine every move of the government in its dealings.

That happy day just hasn't arrived.

From the Files of 25 and 50 Years Ago

APRIL 2, 1926

Miss Ruth Ames has passed her probation and has been accepted as a nurse-in-training at the Toronto General hospital.

About the usual market last Saturday for this time of year. Butter sold from 45 to 47 cents and eggs from 32 to 35 cents. There was no maple syrup offered.

A meeting of the Newmarket high school literary society was held last Friday evening in the assembly hall. Eric Dillane presided and Miss Doris Stallard was acting secretary. Winners in the oratorical contest were Miss Dorothy Ramsay, Harry Collingwood and Miss Isobel Rae. The judges were Rev. P. L. Graham, J. E. Hollingsworth and Mr. McGowan. Also on the program were a song by Miss Dorothy Clarke, reading by Miss Vera Palmateer and an instrumental by Miss Irene Clift.

Mr. and Mrs. John Moore, Mount Albert, entertained Miss Vera Hogg and the members of the United church choir at a social evening at their home on Wednesday.

Mr. R. A. Putman has returned to his home in Queensville after spending the winter at his farm in the Niagara district.

Mr. Chas. Archibald, King City, has received word that his daughter, Mrs. Violet Gates, and her young son, Charlie, arrived in India on February 23.

Miss Marjorie Willis and L. K. Farr, Aurora, members of the Mendelssohn choir of Toronto, accompanied the choir on its tour of Cincinnati.

Mr. and Mrs. Wm. Geer and family left Kettleby last Saturday for their home in the west. Miss Jean Holmes, nurse-in-training at Newmarket, is spending two weeks' vacation at her home in Schomberg, prior to leaving for New York to complete her course.

On Friday evening Mr. and Mrs. Hughey, Kettleby, entertained the Women's Guild and their families and gave a surprise party in honor of the oldest member, Miss Rachel Hollingshead, who had recently celebrated her 80th birthday.

THURSDAY, THE FIFTH DAY OF APRIL, NINETEEN HUNDRED AND FIFTY-ONE

TOO MUCH REGULATION

Every business has its risks; every business has its economic handicaps, its weaknesses as well as its strengths. When the weaknesses in a business threaten to overcome its advantages, the cry most frequently heard is for some form of "regulation" by the government. Regulatory legislation, seems for many, a form of magic which, if properly applied, will rid that business of its difficulties and all will prosper again.

The fact is that some forms of regulation are necessary, whatever the business. There is regulatory legislation on everything from the hours a barber shop remains open to the price that milk is sold. There is a danger, however, that once a form of regulation is upon the books, there are always enthusiasts who want to extend it, to tinker with it, to patch it up.

Frequently this regulatory legislation contains the power to license those who fall within its scope to conduct their businesses. The licensing principle is the result of attempts to protect those within the business from competition. But what is often forgotten is that the power to license contains also the power not to license. There might easily come the day when from out of all this bulk of regulatory legislation would come government boards and commissions whose sole purpose would be to decide whether or not this man or that should be permitted to enter his own choice of business, or even, if those already in business should be allowed to carry on. Such commissions already exist in the transport business and did exist in the milk industry.

Any business seeking regulatory legislation should think of the long-range consequences as well as the short-term advantages.

HOW ABOUT LOCAL CAMPAIGNS

The recent publication of the balance sheet of the United Emergency Fund for Britain will attract considerable attention, particularly in Newmarket and district which, during the height of the campaign, sent off the largest volume of food parcels per capita of any centre in the province. The government is now investigating the circumstances of the fund. It is expected that some form of legislation will be brought in covering the operation of charities as a result.

But whatever the province decides to do, citizens will go on raising funds at home by the "pass the hat" method, and the casualness of the operation will continue to offer a tempting target for outsiders to come in and do the same, but for their own profit instead.

In the interests of assuring the contributors that their money is indeed being used for a worthwhile purpose, some form of municipal licensing of campaigns to raise funds, either by direct contributions or by sale of advertising or some other form of expression of goodwill, should be imposed.

In some cities, notably in the west, there are committees of representative citizens who pass on all local fund-raising campaigns. These committees have no authority to prevent the campaigns from being carried on, but unless the committee's seal of approval is given the fund, it finds little support among the citizens.

Couldn't such a committee be formed for small towns? Possibly, the written permission of the clerk should be required. If there were a board of trade, or better business bureau, these organizations could act. But until the genuine is sorted from the doubtful, we are going to continue to give with the best of intentions but the poorest results.

GIVE THE NORTH A HEARING

The provincial government is going to re-assess Toronto and the suburban municipalities which are included within the proposed amalgamation area. The government has discovered that an equalized assessment is required by the municipal board before it can make a decision upon amalgamation. It is a curious development, indicative of the confused way the whole amalgamation issue has been dealt with. It would seem self-evident such information would be required before legitimate comparisons could be made between municipalities, and it would have saved a good deal of wear and tear had it been undertaken at the beginning of the hearings instead of a year after the issue was raised.

The state is the servant, not the master, of the people; the state is their guarantee against infringement on their rights, their agent in international and national issues; it is not the function of the state to assume the direction of those activities which rest on individual choice.

Office Cat Reports Catnips By Ginger

Slim Bliggins was hung in the Cuttin Corners 'Saloon' this week. Some of Bliggins' works were in oil, others were water colors. The Cuttin Corners Art Society has bought a number of his paintings, a tribute to the once little known natural born artist.

But last night, a note of discord was sounded at a meeting of the Cuttin Corners board of trustees. The result was a motion for the cancellation of the annual \$10 grant to the Art Society and a split in council over the interpretation of Bliggins' paintings.

Among the comments that flew across the table were: "He's a leftist." "He's a rightist." "He's a reactionary." "He's a nihilist."

That last was too much for new acting Mayor Maynott. That was carrying things a bit too far! "Besides, there probably ain't any one of us which knows what a nihilist is," said the mayor. "He certainly is corrupting the minds of thinking people in our community."

Objecting to the cancellation of the annual grant to the Art Society, Trustee Oldham Sandrich said contemptuously, "Well what do you want our art lovers to be fed on, a sickening showing of calendar art?"

"Wall, I ain't no critical judge of paintin'," said deputy fence viewer Hiram Firman, "but I would say that this here Art Society ought to know what they're doing. But they don't. Why, I'm told that this artist is nothing but a no-good nihilist. Down in the barber shop the other day, they said that he was painting sarcastic pictures of civilization and suggestin' that society was on its way to decay - or was it the devil now?"

"The trouble with youse men is that you're ignorant," said Trustee Sandrich with an accusing finger. "Youse can't interpret true art. All you want to look at is something pretty. But when a genius like Bliggins paints the truth about life, youse can't take it."

But Trustee Oldham Sandrich was voted down. The motion for the cancellation of the grant was carried through. "And I have a further idea," said Mayor Maynott. "We'll turn the Art Society into a planning board and we'll do away with art with one fell stroke." Trustees cheered.

A by-law was drawn up appointing each member of the art society to the new planning board. "Now," said the mayor, "they won't have no time to think of such corrupting things as art."

Although Slim Bliggins' future in the Cuttin Corners art circles looked pretty dark this morning, he was undaunted. Said he, "Like the great poet, Andy Del Sarto, said to the Italian painter, Browning, and I quote, 'A feller has got to grasp at more than he can reach for.'"

Some day Slim will be a great painter but society isn't ready for him yet. Consider his satire on social legislation for instance. In artists' language, he depicted a decaying society, a weakened state and corrupt officials. All of the human figures painted in his picture carried monthly baby bonus cheques which, Slim claims, is the downfall of our nation.

Cuttin Corners couldn't take it. It is less likely that the rest of the masses will be able to take it. But Slim will continue to paint.

by "Dairy Farmer" The Top Six Inches

We looked over the grain bin and the hay mow and made some quick calculations and decided that this year, it won't be quite as bad as last year. Somehow, when the end of March comes around, it is possible to see the end of the winter and stable feeding.

It will be a long time before we forget the sickening feeling of watching the hay and grain disappear around the end of January and see all the income do likewise as the feed bill and the cost of hay ate up all the milk income and then some.

We are wondering how long it really takes to get over one bad year. We know that last year was kind of short of pasture, specially towards the end of the season, and it is commonly admitted that last fall the cows didn't milk as well as they did the fall before. The rotation of crops was upset by one year and lot of the very expensive small seed just didn't come.

Well, this is all behind us now, we hope, and if we only get a fair break on milk prices and one more good year for crops, we should be in the clear again. We are convinced of one thing though: we have to have better pastures and more and better hay and possibly some grass silage next year.

We quite agree with the reasoning that there is no replacement for pasture and that it is easier to buy grain than hay. We know many a herd where they buy all the grain and concentrate, but have very high quality hay and pasture all season. The problem we haven't solved yet is, where are we to get the bedding we need? We never have enough bedding and we know we could and should use more. This of course brings up the question, what really is a good rotation for a dairy farm?

We don't know the answer yet. It seems to us that we should try to stretch out the

pasture season as much as possible, by being able to put the cattle out on pasture a week to ten days earlier and being able to keep them out that much longer. We should do this without letting the cows get ahead of the pasture in the spring and without having them lose too much weight in the fall before stabling them.

We heard of a fellow the other day who, having had a few bags of fertilizer left over, put this on his lane. This seems to us a very smart idea. On an average 100-acre farm, yards and lanes and other ground not worked must amount to at least five acres. Some of this isn't suitable for pasture. But some is, and at the right time of the year it can be a real help. The odd piece of rough ground will be of assistance too, especially early in the spring. A real hard old meadow will take more tramping and will save the real pasture.

Well, here we go on talking as if the time was here for putting the cattle on pasture. It isn't quite yet. The old saying about March coming in as a lion or as a lamb and going out the same way doesn't seem to work. For one thing, we do not know what that first day of March was like. If we remember rightly, it wasn't either of them. It was something of a hybrid, to put it mildly, a queer cross, making meek sounds like a lamb and having claws like a lion. It also went out like one, but of course these days of hybrid corn and hybrid swine and hybrid everything, including the milk board, one cannot be sure of anything. It sure is a hybrid of a weather right now.

Oh well, the sun will shine again, and the milk truck will come to the barn again and soon yesterday's unsolved problems will be forgotten and pushed aside by today's unsolved ones.

OTTAWA LETTER

by
"Jack" Smith, M.P.
North York

The members have returned to Ottawa this week refreshed after an Easter vacation spent in their ridings all across Canada. A recess of parliament always is refreshing and helpful as it gives members the opportunity to visit their constituents and get first hand their views and suggestions on national affairs.

Interest here now centres on the annual budget which we expect will be brought down by the minister of finance next week. More than usual interest centres on the budget presentation this year in view of the tremendously increased defence expenditures. The general prosperity obtaining throughout the country has swelled the national treasury to the extent that the minister of finance will report a very substantial surplus for the past year's operations. This large surplus will ease his task of budget-making but still substantial tax increases are inevitable in the face of our appropriation for defence activities.

During recent months ministers and department heads have carefully reviewed all estimates and there have been material reductions in ordinary expenditures. This means that many worthy and needed projects, erection of public buildings, wharfs etc., must be postponed, and there will be economies all along the line.

Just where the increased taxes will hit is a closely guarded secret which will not be revealed until the budget speech is made in the house of commons. The problem has been given long hours of careful study, experts have submitted long reports, members and parties have made suggestions and various organizations have made representations. The final decision rests with the minister of finance and the cabinet.

Income Tax
Income tax is responsible for such a large part of our national revenue that it hardly can escape an upward boost in a search for additional revenue. There is, however, a strong sentiment here in favor of leaving minimum exemptions as they are at present and the likelihood is the increase will be in rates rather than in minimum exemption. Probably corporation taxation will be increased and there will be increases in excise taxes directed particularly, we hope, at luxury items.

Forecasts of the budget are purely conjecture and the only sure thing is that next year Canadians will pay increased taxes. This we must do to build up our defences in the great hope of preserving the peace of the world. It's going to hurt but if we can avert war, save precious lives and spare our people the suffering and privations of another conflict it will be well worth the price and we will have a great deal for which to be thankful.

The new department of defence production has been set up and is headed by that great Canadian, Rt. Hon. C. D. Howe. Our people have every reason to be grateful that a man of such outstanding ability and experience is available for this post. Irrespective of party, Canadians have unbounded confidence in Mr. Howe who did such a remarkable production job during World War II. The new department is charged with the responsibility of marshalling Canada's productive forces for maximum production.

Other important items on the parliamentary agenda for the

immediate future include revision of the Indian Act and some changes in the immigration regulations which will speed up immigration and bring to this country needed population. The aim is to carefully screen prospective immigrants and bring to Canada people who are physically fit, and of the type which will best fit in our Canadian economy at the present time.

This session likely will last until about the end of June and until that date I trust constituents will address mail and enquiries to me here at the Parliament Buildings, Ottawa.

NEWS OF THE INDIANS
ON GEORGINA ISLAND
By BILL RIDDELL

The other day, we had a talk with Bill Asquabe who is 77 years old and is the oldest inhabitant of Georgina Island. Except for being a little deaf, Mr. Asquabe is just as good as he was 30 years ago. His only regret is that he hasn't been fishing in over 30 years.

We asked him if he thought there would be an early spring. He replied that in the old days cold weather with a lot of snow was a fore-runner of an early spring. He doesn't think that it is as cold as it used to be. "In the old days, you could hear the trees cracking at night from the frost, but you don't hear that any more."

We asked Mr. Asquabe if he thought that the young Indians were as hardy as the old fellows. This brought an emphatic "No" from Mr. Asquabe. "Don't see how they could be," he went on. "We old fellows used to get lots of wild meat but these young ones don't know what it tastes like. They get too many fruits and vegetables. That's not good for them you know."

"What about the language?" we asked. "When I was a boy, everyone knew the Indian tongue and some of us couldn't speak English. But now when I speak Indian to some of my young nephews and nieces, they just look at me. I guess they don't know what I'm talking about."

We asked Mr. Asquabe what he thought the world needed most. "More wild meat," he replied without batting an eye.

Oak Ridges News

CORR., MRS. L. E. ROLLING, PHONE KING 8

Oak Ridges school buildings were both given a thorough "house cleaning" by caretaker Leonard Dion with the help of his wife and children, Marian and Bobby. It required the Easter vacation week to complete scrubbing floors, woodwork, windows and general cleaning. When it is realized that the Dions used 40 gallons of water from their home well, heating it on their own stove, drew the water to the school and re-heated it there, the installation of a pressure pump and hot water tank in the school is a welcome undertaking. Odd jobs too are looked after by Mr. Dion in the general upkeep of buildings. He has been caretaker for the past five years, taking a keen interest in details.

J. J. Wall has completed the pressure system, installed drinking fountains, relieving the caretaker of refilling the fountains by hand.

Norman Taylor, electrician, has put in a new main service in the annex building. A modern service was installed by him in the main building in January. With more efficient power the Home and School will find better service when heating water for preparing refreshments at meetings.

Lions Hockey Night April 6
It will just be too bad if the world and his mother do not turn up at hockey night at Aurora arena on Friday night, April 6. Sponsored by Oak Ridges Lions club, the prowess of young hockeyists will be exhibited in competition under the direction of coach Ken Farquharson. Lion Ed Pallister will be the Oak Ridges goalie in a broom game with Aurora and the Oak Ridges club. The oldsters are priming weight and wind to take on the opposing team.

Lions Euchre Has 17 Tables
Seventeen tables 12 euchre and five cribbage, the largest yet, were played at Lions euchre night on Monday at Ridge Inn. In the euchre section, prizes went to Mrs. Harry Hutchison, Mrs. Clarke Archibald, Barbara Judges; Frank Bell, Hans Styrm, Norman Rundell, consolation; in cribbage, Mrs. John Obce, Anne Stephenson; John Obce, Jr., Capt. E. C. Hawman; Mr. Frank Wilkins won the 15-lb. ham draw.

While flood conditions in Lake Wilcox area do not compare with last spring, there was considerable overflow from the lake last week. The north road is used "at your own risk". Traffic is diverted to the south road which has also been rough in spots. Many leave cars at Yonge St., walking back and forth. Milk deliveries are done on foot to several homes and tow trucks are kept busy. No serious emergencies have been reported.

Miss Katherine Gunn, secretary treasurer of Oak Ridges Riding club, is a busy person as the time approaches for the Junior Horsemen's Springtime Show on Saturday, April 28, at the Hawman paddock. The secretary is receiving entries at her address, Aurora, R. 1, 2, and is required to receive cheques and money orders. Entries must be in by April 21, otherwise they will be considered as "post entries" with increased fee. In her little black book, always at hand, Miss Gunn has club data ready for explanation. Some 300 notices of the forthcoming event have been mailed out. The list of prizes will be published in programs. Four ribbons and a first and second prize will be given in each of the 11 classes. If the weather is unfavorable, the show will be set forward to Saturday, May 12.

Mr. and Mrs. John Bingham with their children, Barry and Bonnie Jean, Elm Grove Ave., visited Mrs. Bingham's parents, Mr. and Mrs. Elias Biee, King, for a few hours last week. Mrs. Biee, who is recovering from a prolonged attack of pneumonia, spent last Saturday with the Bingham.

Miss Nancy Stephenson visited her brother, Grant, and his wife at Scarborough for three or four days during school vacation last week. Mrs. George Gourlay and her sister, Mrs. Claude Marshall, are eagerly looking forward to a visit from their parents, Mr. and Mrs. John Begg, Newfoundland, who are expected to arrive in May. A daughter lives in the United States.

Mr. and Mrs. Chas. Taylor attended the Toronto Firemen's ball at the Royal York during the weekend. Mrs. Taylor's father, Mr. Jas. Stearns, belongs to the city firemen's organization. It was her first social function after a serious traffic accident near Cornwall which occurred last November while she and her husband were returning from their honeymoon. Mrs. Taylor, Sr., spent the weekend with her daughter, Mrs. Wm. Gibson, Toronto.

Rainfall called off the Saturday hike planned by Oak Ridges Cub pack. Mrs. John Bradbury, the leader, cancelled the operation Friday. When the ground has dried up, the boys plan another attempt.

Valley Field Inn, a dining home operated by Mr. and Mrs. Gerald Gamble on Yonge St., is being prettied up for the busy season ahead. Fresh wallpaper and paint in a variety of color schemes will delight their many patrons. Both Mr. and Mrs. Gamble are hard at work for the seasonal re-opening in April. Recent guests of Mr. and Mrs.

Councillor McCarron said he hoped in five years the sidewalks would be fixed. Referring to a query why the ditch on the north lake road has not been laid, he said an engineer is being consulted and hearings are being given to residents along this road, with a view to satisfactory improvement. He assured a ratepayer that work on the north road will be commenced within a month.

With the announcement that council has agreed to set up a by-law for the appointment of a dog catcher and pound keeper, Mr. Sharpe offered his services for "seven nights a week". The president mentioned that Whitchurch, with Aurora, Vaughan, Markham and Richmond Hill will meet to discuss the idea of jointly appointing a dog catcher and setting up a dog pound. Whitchurch will put out tenders for garbage collectors in the three lake districts. Mr. Ken Ash was recommended for Lake

Wilcox by Robert Sharpe. A letter from Major Lex MacKenzie, M.P.P., expressed his pleasure in helping to establish highway traffic signs at Oak Ridges school. Painted crossing strips, also recommended by Mr. MacKenzie, are now completed. "These safety measures for school children have answered a problem for the immediate time," the president pointed out.

An expression of appreciation through the press was extended to Col. F. J. Picking for his co-operation in assisting the association in its work, wishing him success as "editor and publisher of the Aurora Banner". The association will consider plans for a spring dance, to open the season at the Lake.

Belf Bradley's Leafs are N.H.L. minor champions. Leafs provided an upset by spilling the favorite Red Wings in two straight to annex the crown. Approximately 90 boys in the bantam and midget age groups competed in the six-team circuit. League king-pins were Frank Hollingsworth and coaches Jack Hamilton, Belf Bradley, Fred Dillman, Russell Hughes, Don Warner, Ken Broughton, Doug May and Alf Elphinstone. Trophy seen is the Russell Broadbent Cup, the Stanley Cup of the local series.

Play-off time past two weeks
in Town League. Les Mc-
Knight's Metal Workers ran wild
to record a nifty 7,197 pin total
to annex top prize. Combines
6,805, Legion 6,547, Insley's 6,
523, Office Specialty 6,485. Mem-
bers of McKnight's winning six
were B. Wilson, B. Ridout, A.
McKnight, C. Curtis, P. Pem-
berton and L. McKnight.

Par took a licking as the pin
spillers were out after the big
prizes. Top marksman was Har-
old Craddock with a 787 (282-
304-201). Bert Ridout banged
out a 779 (195-262-322) for sec-
ond place. Other individual
marks over 700 were posted by
Lyle Bond 749, Ron Calvert 747,
Eddie Gibson 747, Alvin Mc-
Knight 736, Jack Caradonna 723,
Moe Hall 731, Roy Stickwood 730,
K. Curtis 728, Dave Weddell
723, Ted Williamson 706, Mill
Wesley 703. High single over the
year was Del Pemberton's 426,
Bill Dunn rang up an 861 three-
some. Eddie Gibson was tops in
the averages with a 225. Season
closes with banquet and presen-
tation of prizes at Graystones
April 13.

Ladies' Lawn Bowling closed
last week. Wee Mites are cham-
pions with 31½ points. Close
race as Letties finished with 29
and Huskies 27½. Leaders last
week Gert Goring with a 515,
Dora McCaffrey 514, Goldie Mac-
nab 512. Over the season Dora
McCaffrey topped the averages
with a 168 and also came up high
triple mark 645. Vivian Gibson
bowed a 296 for single high.
Wee-Mites team was composed of
Marie Penrose, Hazel Hopper,
Thelma Sloss, Dora McCaffrey
and Nell Jolley. Ladies closed
the season with a banquet this
week at Bell's Corners.

Frank Bothwell, an old hand
at showing the way to some of
the younger 'Tannery' bowlers,
closed out the league scoring last
week by bolting out an 815 (321-
180-304). Other individual marks
over 600 were strung out by Bar-
ney Revell 729, Bud Pettit 724,
Geo. Ingledew 665, Art Tunney
624, Bill Cullen 523. Tunney's
team made a runaway of the
league race totalling 118, Town-
sley's 100, Cullen's 95, Allen's 82.

iels set the pace last week with
a 717 (220-275-222). Harry
Hodge rolled 616, Bill VanZant
610, Frank VandenBergh 608.

Bert Seldon was the pace-
setter in Office Specialty offi-
cers' league last week with a
624 (235-145-244). Jim Cook
was a whisker away with a 622
(232-174-216). Ken Miller bange-
d out a 267 for high single.
Three teams in the running for
top honors Bovair's 42, Seldon's
41 and Bennett's 39. Four nights
to go.

In the Thursday night ladies'
league standing is Laura Whit-
field's team 33, Grace Osmond 30

BRICE'S I.G.A. MARKET

DELIVERY SCHEDULE effective April 5, 1951

All orders received by 12 noon will be delivered in the afternoon between 2 and 6 p.m.
All orders received after 12 noon will be delivered the following morning between 9 and 1 p.m.

Saturday and Holidays

All orders received by 3 o'clock will be delivered the same day.

To assure having your meat in time place your order a full day in advance. This program is necessary to give you goods at cash and carry prices.

There will be a 15c charge on each order delivered.

I.G.A. advertising will appear Thursday of each week in the Toronto newspapers.

Our meat prices will differ from those advertised in the daily papers. This is due to our large meat business and because we process our own HAMS, BACONS and SAUSAGES, thereby eliminating the middle man—commonly called meat packing houses.

Weekly advertisements appearing in The Newmarket Era and Express will inform you of our meat prices.

Thursday, April 5, our low prices become effective. See our I.G.A. advertisements in the Toronto dailies and check these every-day meat values listed below:

FRESH ROUND LEAN BEEF	lb. .65
FRESH HOME-MADE PURE PORK SAUSAGE MEAT	lb. .51
MAPLE SWEET SLICED SIDE BACON	lb. .55
MAPLE SWEET SMOKED HAM, whole or shank half	lb. .65
MAPLE SWEET SMOKED PICNIC HAM	lb. .57
MAPLE SWEET SMOKED COTTAGE ROLL	lb. .39
MAPLE LEAF PEAMEALED COTTAGE ROLL	lb. .65

The Common Round...

By Isabel Ingles Colville

WHAT DID YOU SEE?

As far as I can make out, every one who goes to a play sees it from a different standpoint assesses the excellencies or defects of the actors in widely differing ways and gets pleasure or profit out of it, according to their moods, their intelligence or their ability to criticize.

Perhaps too many people go to a play given by amateurs and expect a professional performance, which is to say the least, unfair, although it may be like iodine on a wound and give the sting that promotes a healthy cure.

It is not often that an author produces a play that combines in its content horror, tragedy and really delicious humor. The Newmarket Dramatic Society used such a play for a vehicle when it presented "Arsenic and Old Lace". It was the best tonic—minus the arsenic for personal consumption—that anyone getting over five weeks of "flu" could wish, for after all, laughter is nature's booster.

We should all be grateful to Mr. Hagan for making the living room of the Brewster home a reality. It was such a delightful setting for those two charmingly irresponsible and terrifying ladies Abbie and Martha Brewster, these parts played with an insight into the peculiar combination of old-time daintiness and an exotic undertone of murder—were taken by Vera Brown and Grace Sinclair. To say that these were difficult parts is an understatement.

To cloak the insane with the sane garment of kindly womanhood and make it seem real was an achievement and deserves all the praise that can be given it. Moreover, Vera Brown and Grace Sinclair gave the impression of a oneness of purpose that only a family relationship could achieve—a feeling that they understood one another without the need for words and just at the last when they told Mortimer that he was not a Brewster, there was a pathetic sweetness and sanity that revealed what they might have been had they not inherited insanity. Teddy Brewster, as played by Eugene McCaffrey, was excellent and although it didn't require the subtlety of the aunts, it took far more talent than playing an ordinary part. There were four players that made you forget they were people you knew—you lived with them for a few hours as Abby, Martha and Teddy Brewster and Doctor Einstein.

Jack Struthers, as Dr. Einstein, played a difficult part superbly. His efforts not to impale himself on either horn of his dilemma his sadistic, mad master on one side and a rather pitiful returning sense of decency on the other, was a most convincing piece of acting. And anything funnier than his appearance in the over-size Panama hat going down the stairs to the ghostly and ghastly "Panama" canal would be hard to imagine. Too, his face as he listened to the over-trusting Mortimer tell of the stupidity of some characters in a story, while a like fate was preparing for himself was a fine piece of work and it was all climaxed when he, as a doctor, signed the institutional commitment papers while his description was being given Officer Rooney over the phone.

Don Cummings as Mortimer

Brewster had a difficult part because he had to make us feel his real sanity through his terror of being just another "mad Brewster". His scene with Dr. Einstein was splendid, but I thought his scene with Elaine might have been a little more dynamic. Nick Styke as Johnathan Brewster had the most ungrateful part to play. Most villains in plays have a superficial coating of glamour at first and only as time goes on does the real villain emerge. But here the horrible face was not even a poor index of the hideousness that lurked beneath. The portrayal of a purely Satanic character is an almost impossible task. Nick Styke did wonders with it, but it seemed to lack a little bit of something—what was it? Variety—I cannot say exactly.

Ruby Harrington as Elaine did well in her small role. Her facial expressions and voice were good. If she lacked anything it was convincingness. We hope to see her again.

Officer O'Hara, played by George McNelly in his sublime disregard for his duties and his exquisitely human absorption in his own affairs was a real comic highlight. Charles Boyd as Rev. Dr. Harper was good, but like Officers Brophy, Klein and Rooney, Mr. Gibbs and Mr. Witherspoon as played by Glen Henderson, Herb Dunham, Ken Lehman and Del Gibney, had little scope for showing their act—wait to see them again. Some of them we have seen and know what they can do. But to all the members of the cast I would like to say that a Dramatic club whose members show spectacular improvement in each effort deserves every bit of support and encouragement that we can give. To Dorothy Bowman for her excellent directing, to Mike McMorrow whose "Dirty Work at the Crossroads" was a turning point, to Jack Fisher for his fine work and to Laura Styke, Kitty Cummings, Joyce Bothwell, Audrey Hulme, Nancy Hughes and Florence Goldsmith go the thanks of an appreciative and grateful audience.

A. G. LEE

THANK YOU, NEWMARKET IT'S NICE TO BE HERE

Since my son, Ken, and I arrived in town this week to take over George Lee's store everyone has been most kind.

Mr. Lee is staying on with us and will be in charge of the laying of floor coverings. We are happy that he is doing so. Coming in new to a community, there are lots of things to learn and Mr. Lee can and will help us to be friends with each of you.

We're going to make some improvements in the interior of the store and to expand the lines of paints and wallpapers now carried. We want to give you as good service and as wide a selection as possible. The reason for this is simple, we want to make friends with our customers.

The store will have a new name soon. We haven't decided yet what it will be and we'd like your ideas too. Will you help us?

Drop in today, tomorrow, any day this week. We'd like to meet you.

H. LORNE STEPHENS

Good Luck!

LORNE STEPHENS and HIS SON, KEN, MIDLAND, HAVE BOUGHT THE A. G. LEE HOUSE FURNISHINGS STORE IN NEWMARKET.

Mr. Stephens has been with Edwards Specialty Shop, Midland, for nearly 18 years. He has made friends for the firm and for himself by his own friendliness and his knowledge of merchandise.

In this new undertaking, we wish Lorne Stephens the best of luck. We are sorry to see him go, but we believe the people of the Newmarket district will like the Stephens.

And any time you are visiting up near Midland on Georgian Bay, we also think you will like shopping at

MONTEAL.—When you're thinking of ways to please that man of yours, remember how much he likes tempting, delicious Jell-O desserts! Then whip one up—in a matter of minutes... just as sparkling and beautiful as you please! Yes, Jell-O JELLY POWDERS are real time-savers. And don't think the family won't appreciate the gay and colourful salads that can be quickly and easily prepared, too! Those seven exciting "locked-in" flavours make Jell-O one of the most versatile products on the market. Yet you can enjoy Jell-O for less than 2¢ a serving!

Such Colourful Ideas—and such wonderful suggestions! Really, I had no idea so many things could be done with paint until I read "The Home Decorator." This clever 22-page book is put out by the SHERWIN-WILLIAMS Company of Canada Limited—and, it tells you all you should know about paint... how to use it... how to mix it... all about the different kinds, for interiors, exteriors and furniture! Every page is brightly illustrated in colour... why there's even a Guide to Colour Combinations, taking your rugs and furnishings into the scheme! Best of all—THIS WONDERFUL BOOKLET is yours for just 15¢! Write me, enclosing 15¢ in coin or postage stamps—Barbara Brent, 1411 Crescent St., Montreal, P.Q.—for your copy!

Alice In Wonderland saw many wondrous sights... match the brand new 1951 Master Model MO-81 REFRIGERATOR. It brings you, for the first time in the medium price range, a refrigerator with an "across-the-top" Super Freezer. It's just the kind of beautifully-designed, dependably-built refrigerator you expect in a product of General Motors!

Perhaps You Want to make a very special cake for a birthday or a cake that's "out-of-this-world" for dinner-guests. Or maybe you're like me—and hate to waste good ingredients on any cake that's a failure. That's why—for always good cakes I always use SWANS DOWN'S BEST FLOUR! Don't take chances when you're cake-baking! To all those precious eggs and butter—sugar and vanilla—add Swans Down's Flour! Swans Down is made of softest winter wheat, milled by expert flour-makers. It's sifted and resifted 'til it's 27 times as fine as ordinary flour! Yes, Swans Down matches your best cake-making ingredients—quality for quality—truly praiseworthy results!

Soup Of The Evening—be-voitful soup! around our house, that means any one of the delicious HEINZ CONDENSED SOUPS! There are many varieties to choose from—all of them just as delicious as the Heinz soup experts can make them. Don't wait another day to give your family the flavour-joyment of these Heinz Soups! Serve them as a first course—or in dressings—meat leaves—ranchitos—casseroles. Yes, I've proved to myself time and time again that Heinz Condensed Soups are the perfect bases for so many tempting, time-saving dishes! You know they're good because they're Heinz!

I'll Never Say "Never" Again... Time was that a resolved budgeting was simply not for me. After my untimely attempt ended in a mass of scribbled-up bills on my desk and no money in the bank, I swore off budgeting... for life, I said. Then I read an advertisement for the BANK OF MONTREAL'S new system of money control called *Personal Planning*. The fresh approach intrigued me—so in I went for my copy of the easy-to-read booklet... and here I am *Personal Planning* and loving it. That's because everybody's plan is different. Tailored exclusively to your personal needs and wants. Why not try it yourself? Pick up your copy of "PERSONAL PLANNING" at your neighborhood BofM branch today.

It's A Real Thrill to bake muffins, cakes, cookies and biscuits that turn out just right. That's why I always use CALUMET BAKING POWDER for my baking. The baking powder plays such an important role in the success of your baked goodies! And the double action of Calumet, first in the mixing bowl and then in the oven, assures you light, fluffy, evenly textured biscuits—tender-as-cake cakes that are perfectly leavened—always! The two separate actions that neither stirring nor interruptions can disturb, are the best guarantee I know of for wonderful baking results!

WHAT CAN BE DONE

Wide Scope For Hospital Aid

"Women all across Canada are becoming increasingly interested in volunteer hospital work," declared Mrs. A. E. Hoskin, provincial president of the Manitoba Women's Hospital Aid, at the annual meeting. "And when we work together for those who are ill, what a wonderful sense of accomplishment we have. Added to that—it is fascinating work."

Similar views are held by local ladies who during the past year have been actively engaged in reorganizing the York County Hospital Women's Aid. Already this aid has rendered great assistance to the hospital. Under the direction of the president, Mrs. Rusy Rogers, the York County Aid has raised funds which have purchased domestic and culinary supplies for the hospital.

"Working for a hospital is interesting work," says Winnipeg's Mrs. Hoskin, "and what is accomplished by a group of enterprising women is amazing. The Guilds, or Auxiliaries, as some of them are called, raise money by teas, raffles, concessions at fairs, selling Christmas cards, and various original methods. Some of them—especially in rural Manitoba—have showers of jams, pickles and jellies in the fall. The supply often exceeds a year's needs."

Such showers of home canned foods were held by Women's Institutes and other groups

throughout the county for the York County hospital. Other monies were raised by the aid through the holding of teas, a garden tour, theatre night, bingo (under the sponsorship of the Veterans' Association) and many other projects.

The work accomplished by aids for the local hospitals is a high tribute to the women who comprise their membership. "They buy practically everything but the building," said Mrs. Hoskin.

"They supply linens and keep them mended, cut and fold bandages, maintain libraries, endow wards, buy incubators for premature babies, visit the patients. There is the kind of service that cannot be bought."

A general meeting of the York County Hospital Women's Aid is held on the first Tuesday of each month at 3 p.m. in the Newmarket Agricultural Board Rooms, Botsford St. All ladies in the county are invited to become active members in the aid.

HOME SEWING has become a fashionable hobby. You can make yourself many of the new styles you see and admire in the fashion magazines and more at a profitable way to pass a few hours. This is the season when more sewing is done than at any other time of the year. Spring heralds many new styles and home sewers want to start right in introducing these new fashions into their own wardrobes.

During National Sew and Save Week, March 3 to 10, stores all over the country will set up special displays in their sewing departments and in their windows of new fashions to be made at home. Many stores will hold fashion shows of exciting spring styles to be made from patterns. This is your opportunity to lay from the widest choice of fabrics, the most complete stocks of trimmings and sewing notions and the most interesting group of new pattern styles of the year.

Whether you sew to outfit the family or merely to take an occasional stitch in time, you'll find a well-outfitted sewing basket a home companion. Keep it fully equipped and within arms reach so you won't lose time looking for what you need. Now let's run down the list of your sewing basket necessities.

Needles—The sizes of needles are indicated by number. Small numbers are fine, a package of assorted sizes 3 to 9 will take care of ordinary needs. Thread—Keep a supply of mercerized sewing thread in assorted colors on hand. You'll need also several spools of black and white thread in a variety of sizes for all fabrics. Pins—Use fine quality brass or stainless steel dressmaker pins with sharp points so they will not mark the fabric. Shears and scissors—You'll need good dressmaker shears with blades at least four inches long. Make sure the handle is comfortable. Small scissors with sharp points are useful for snipping threads and clipping to corners. Pinking shears are enormous time and effort savers, not only for finishing seams but also for general cutting. Shears must be kept sharp so don't use them to cut anything but fabrics... even paper will spoil them.

For measuring you'll need: Tape measure—A 60" all-soft tape gives accurate measurements because it will not stretch. Yardstick—Get a durable wooden stick with smooth edges and clear markings. Hem marker—You can buy a skirt marker which stands up straight for measuring. Some are equipped with an attached self so you can measure hems yourself in case you can't find a helper.

You'll find all the above-mentioned sewing accessories and more at the notions department of your favorite store. For National Sew and Save Week the stores are going all out to have on hand a complete range of every type of sewing necessity. So it's an ideal time to outfit your trusty sewing basket in preparation for spring dressmaking activities.

The pretty little two-piece dress pictured here is a perfect pattern for teenagers, college or career girls. This type of summer suit is always useful because it looks trim and tailored and yet is as cool as any crisp cotton one-piece dress. Though it is shown here made of printed cotton with a plain yoke, you might make it of a striped, checked or printed material. A useful little dress for taking away on your vacation, you might add. Vacation wardrobes need careful planning and, if you would like some tips, just write to this paper requesting Leaflet No. CN-13, TRAVEL LIGHT BUT TRAVEL RIGHT. The leaflet includes the pattern number for the above two-piece dress and several other advance styles. Please enclose a stamped, self-addressed envelope.

IT'S A Woman's World

By CAROLINE ION

("Are We Good Citizens?") - Part II

Last week we concluded our column with the retelling of the story about Helen Hayes and her daughter, Mary. Mary had told her mother, when Miss Hayes had confided in her that she was afraid of falling during a silly dance in a play, "So you'll fall. So the worst will happen. So you'll pick yourself up and start over again." Two years later when Mary died of polio, Miss Hayes remembered those words and found new strength in them.

To become a good citizen we must have self-reliance. Fortunately, such major griefs do not have to be borne often during a lifetime. When we think of the courage with which overwrought tragedies, it should give us the faith for the daily trials which beset all of us. Only by being willing to try again can we reach full stature of womanhood.

To become a good citizen we must be openminded. There is no room for bigotry and prejudice. It has been said that if we could remember the three maxims, that which we believe is not necessarily true, what we like is not necessarily good, all questions are open to consideration, then we could miss the snare of intolerance. We then would listen to the other side of the story before reaching our decision. We would be less ready to believe tales merely because several people had passed them along to us.

John Stuart Mill expressed it so well when he said, "If all mankind, minus one, were of one opinion, and only one person were of the contrary opinion, mankind would be no more justified in silencing that one person than he, if he had the power, would be justified in silencing mankind."

What right have we to pass judgment on another? The more that is learned about the human race, the more fully is realized the confusion which exists within each individual to understand himself. If we have difficulty in determining the reasons for our own behavior, how can we possibly begin to attribute causes for our neighbors' actions?

However, that does not mean that we should not complain about injustices or violations of liberty. It does mean that we refrain from detached criticism, that we try to contribute constructively just as Harold Tite, local contractor, is giving a group of boys from his church a lesson in citizenship through the formation of the "Busy Beavers' club." In it the boys take damaged toys, repair and repaint them and pass along the finished products to the Aurora hospital. The more we work to help remedy a situation, the less time we have to criticize others who are trying to do their part.

Groups which spread knowledge, encourage neighborliness and provide meeting places for people and ideas are agents in the building of a sane and healthy citizenry. Interest in the welfare of people must begin in the neighborhood or community in which we live before

it can encompass our nation and then, the world.

Through such organizations we learn what we can do as a citizen for the advancement of our nation. In them we experience and understand democratic government. Sir John Hershel wrote, "Nothing unites people like companionship in intellectual enjoyment. It does more, it gives them mutual respect, and to each among them, self respect... that corner stone of all virtue."

To become a good citizen we must be aware of our history as well as current events. Canada is in reality a small United Nations. Over 40 nationalities are represented in the racial origin of our population. It was only a few years ago, 1947 in fact, that Canadian citizenship was established. Already for many of us it is a subject lacking in interest.

To the New Canadians who are coming to our country in increasing numbers, Canadian citizenship is a very precious possession. At the present time, in Toronto 4,500 New Canadians are attending night schools. There, they learn about Canadian citizenship as well as the English language. In the coming years they will make their contributions to the mosaic which is the Canadian way of life.

It is small wonder that we are some time in finding ourselves in the cultural fields as a nation. From each of these foreign homelands our peoples bring their differing standards of living, traditions and view points. Citizens need a cultural background. When we as a nation are willing to accept the contributions of each group regardless of its racial origin then we shall begin to have expression in art, music, drama and literature that is truly Canadian.

J. B. Priestly, British author in a radio address recently said, "Canadian life must be an expression of Canadian talent and Canadian spirit. It is amazing what one enthusiastic man or woman can do." Citizenship requires humble work as well as imaginative expression. The national results are but the sum total of the products of individual hands.

flat on one's face

"Know-how" is a popular phrase in these times—the western nations' industrial know-how is said to be their greatest hope. But it is not enough to know how to do a job. Doing it is what counts. Between knowing and doing there are usually a surprising number of opportunities for falling flat on one's face.

The textile industry in Canada, of which Dominion Textile is a part, has been practising for over a century to avoid falling flat on its face. While learning its job and doing it, the industry has become the largest employer of manufacturing labor in Canada and the payer of the largest manufacturing wage bill.

BAPTIST INFANT
Mr. and Mrs. Grenville Thompson had their infant daughter, Valerie Jane, baptized on Easter Sunday at Trinity United church. Mr. Thompson motored down from Sault Ste. Marie for the occasion. Dinner guests at the home that day included Mrs. Dan Fisher, MacTier, Ont., Mr. and Mrs. Bert Thompson and Marguerite, Hillsburgh, Mr. Delmer French, Georgetown. Other callers included Mr. and Mrs. Stuart Laurie and Marsha Lee, Toronto, also Mr. and Mrs. Dave Lyon, Newmarket.

Mrs. Thompson and family left on April 1 for MacTier and from there to Sault Ste. Marie where they will take up residence.

Oil and gas transmission lines can be built over mountain tops but skirting them means cheaper construction, cheaper gas and easier and more dependable maintenance.

'My telephone is worth so much to me!'

"It saves me time and steps; keeps me in touch with my family and friends; is always ready in emergencies."

AND ITS VALUE keeps growing all the time. With more and more families getting telephones, you can reach twice as many people as you could ten years ago. And the traditionally friendly service is being steadily improved.

Yet today your telephone actually takes a smaller part of your family budget than it did some years ago!

Friendly and efficient telephone service, at a reasonable price, is one of today's big bargains.

If you haven't yet got service You can be sure your neighbourhood will be served, and your place on the list protected. Taking care of people without service as quickly as possible is one of our biggest and most important tasks.

King City And District

Mrs. A. E. Campbell entertained on Saturday evening for her brother, Sherman Morrison, and his friend, Dick Neilson, both of London, Ont., who left for the west on Monday. Employees of the Mannix Construction Company, Sherman goes to Prince George, B.C. He came from Dawson Creek, Peace River District, a few months ago to work at London, Dick, also a native of Western Canada, goes to Halkirk, Alta. Mrs. Eva Morrison, the mother, who left her home at Dawson Creek before Christmas to stay with her sons, Sherman and Mickey, while at London, will return home in a couple of weeks.

As a parting gift the boys were given tickets for the N.H.L. hockey game at Maple Leaf Gardens on Saturday night, the first they had seen since coming east. Others of the weekend party attended a theatre show in Toronto. Among the friends entertained by Mrs. Campbell were Miss Marie Buchanan, Downsview, and Miss Peggy Carter, London.

Mr. and Mrs. I. L. Scott spent Saturday evening with Toronto friends.

Several members of Laskay United Y.P.U. are planning to attend the annual meeting and banquet of Toronto Centre North Y.P.U. Presbytery to be held at Richmond Hill United church on April 10.

The Herbert E. Ross auction sale, rained out on March 29, will be held on Saturday, April 7. Numerous antiques on the farm, settled in 1831 by Mr. Ross' great-grandfather, will be sold. Mr. and Mrs. Ross are moving to King City for their well earned retirement. The farm has been sold to a Toronto man who intends to renovate the old home.

Mrs. Gordon Wells, with her daughter, Barbara, and Barbara Shaw will leave on Thursday for a long weekend in Buffalo, N.Y.

Mrs. T. L. Williams, district vice president of section three, W.M.S., with others of the Eversley society, attended the 60th anniversary of Maple Presbyterian Women's Missionary Society held on Wednesday afternoon.

Mr. John Riddell and his son, Bob, have bought a 200-acre farm located on Yonge St., at the sub-way from Mr. Joseph Bruder. Mr. Riddell, Sr., will vacate his farm near King, sold to his son, Britton, and will occupy one of the houses on the Yonge St. property. Mr. Bruder has retained the main dwelling for occupancy. The farm will be worked by Bob who is also working his own place on King and Vaughan townline, 5th con. He expects to sell this property at a later date.

Nose Fractured by Blow
Ricky Belknap, age six, suffered a fractured nose and a gash above the eye last Friday from a stone flung by a playmate. He was operated on at the Hospital for Sick Children the following day. It will be recalled that Ricky received serious hip and leg injuries about a year and a half ago when hit by a car on the highway near the home of his parents, Mr. and Mrs. John Belknap.

Mrs. Margaret Rice, Waterford, spent Easter week with her daughter, Mrs. Ivan Specht, returning home on Saturday accompanied by her young granddaughter, Dorothy Specht, who will be her grandmother's guest for a couple of weeks.

Returning last week from a three months' visit to the Old Country, her first since she left Scotland 28 years ago, Mrs. John Dixon saw "suburban" Glasgow, which has replaced farmlands 25 miles outside the city. Like Toronto's outlying districts, the area is built up with two-storey apartments, semi-detached homes, schools, churches but no factories. While the older buildings are cement block structures, the new are stucco. Earlier the district was mined for coal. Central heating in the new homes is unknown, fireplaces providing the heating system. Coal is rationed on a strict basis and she saw no wood being burned.

Mrs. Dixon remarked on the efficient bus transportation service. Two-deckers, they operate every 15 minutes to suburban communities and during rush hours every five minutes. Out-riders commute to Glasgow for work, having the same desire as Canadians, "to reside beyond the confines of a crowded city".

Rationed foods need stretching, and meats are something one thinks about but never obtains in satisfying quantity. Money does not go very far over there, Mrs. Dixon states. Linen and even cotton pillow cases and sheets are expensive, so also are clothes.

Mrs. Dixon saw her sister and two brothers in Scotland and visited her husband's aunt in Coventry, England. She was urged to remain for her nephew's wedding which fell on March 31, her birthday. However, she decided against the plan, coming home on the luxury liner, the Queen Mary, an experience she will not forget. While voyaging Mrs. Dixon made friends with a Scotch lassie coming to Toronto. Together they stayed off for a weekend at New York visiting the former's friends. Radio City with its superb shows appealed to her.

Annual Meetings for W.I.
King and Laskay W.I. branches will hold annual meetings and election of officers on Tuesday, April 10. King organization will

meet at the United church in the evening. The program will be convened by Mrs. Ed Kyle. She will preside for the election of officers. Conveners of standing committees will present annual reports. The talent money made by members during the year will be turned in with explanations of how the funds were raised. Mrs. George Billings, Mrs. Clarke Archibald and Mrs. Jas. Patton with others to be selected this week will provide refreshments. Mrs. Colin Stewart, district director, will report on the spring meeting of the executive body and conveners of the district held recently.

Laskay group will meet on the afternoon of April 10. Mrs. Norman Etheridge will be hostess and lunch conveners are, Mrs. M. Hunter, Mrs. T. Farr and Mrs. W. Williams.

Mrs. Pearson Smeltzer will explain the motto and the payment of members' fees will be made. A topic dealing with music will be given by Helen Hunter. Verina and Audrey McDonald, Miss Hunter's pupils, will give piano duets.

Eversley Presbyterian W.A. will meet at the home of Mrs. Leonard Shropshire on Tuesday afternoon, April 10.

King United W.A., meeting at the home of Mrs. Eric Abraham on March 27, discussed plans for a spring tea at the manse on April 19. The auxiliary will plan an evening entertainment for May 4 to follow the church anniversary the previous Sunday. The installation of an oil burner for the church will be discussed by the congregation this coming weekend. Nine new members have been added to the list of the W.A. to complete a present paid-up membership of 21. The April meeting will be held at the home of Mrs. John Parsons with Mrs. (Rev.) Percy Lambert of Maple as speaker.

Approximately two and a third acres of land, comprising four building lots, have been donated to King Legion branch, a park site for club rooms, located at the west end of Dew St., in the new Dew sub-division. The donor is Mr. Fred Dew who made the gift in acknowledgment of legion efforts to procure property. The branch paid a small honorary fee to Mr. Dew whose understanding of Legion problems prompted his generosity, stated Donald Findlay, president. The site will be known as "Dew Park".

A resolution of appreciation has been passed by the branch to hold a meeting of the executive body and open to all members, on April 10 when a discussion of ways, means and scope of proposed plans to construct legion quarters will take place. The branch has also unanimously confirmed a resolution to co-operate in any community project toward construction of a community hall. The acquisition of property by the branch does not alter the primary desire to lend aid in a hall project in so far as branch funds permit.

Visiting Mrs. G. H. Stone during Easter vacation week were her daughter, Mrs. H. H. Whitney, husband and daughter Frances of Elmva, her daughter, Mrs. Tom Proctor and husband of Schomberg, and a granddaughter, Miss Marjorie Stone, Toronto.

Arthur Ross and Danny Crossley of Levaack spent a weekend with their parents at King. They work in the International Nickel mines. Danny, the son of Mr. and Mrs. Carlton Crossley, is taking a mining engineer's course and will return to university next fall. He has been at Levaack for nearly a year. Art Ross, the son of Mr. and Mrs. Hugh Ross, went into the mines last November. They motored down with a Queensville boy, returning to Levaack in Art's car which was stored at his home for the winter.

...for **TRUCK SERVICE**

Big fleet operators who keep careful checks on all makes of trucks tell us that GMC's are consistent stand-outs for long life with minimum maintenance. And here's the reason why!... GMC's are truck-engineered by the world's largest exclusive builders of commercial vehicles. And they're truck-built! From the very first drawing, they were planned for truck service—tough truck service.

GMC gives you real truck engines with high horsepower and higher sustained torque—more pull! And GMC's engines... the 92 h.p. Thriftmaster, the 105 h.p. Loadmaster, the 114 h.p. Torquemaster and the famous 270 cubic inch displacement engine with 120 horsepower... are all built to deliver full power without eating their hearts out!

In the GMC line there are more models than in any other truck line—more load ranges, more wheelbases, more axle designs, more gear ranges—a truck that's all truck, for any load on any road! See your GMC Dealer!

Haskett's HASH

BY GEORGE HASKETT
Newmarket Sports Editor

Our mail brings a card from North York's most faithful mushball booster, Fred Morris. He writes, "All teams have been notified to send in their entries for softball. How about Newmarket? Hoping to have a meeting soon. Will get in touch with you. Try and put a team in from your town."

You take it from there, men. What's the answer? Indian war-whoops died in the Memorial wigwam Thursday. Markies pushed the tribe from the O.H.A. trail in four straight. Indians put up a stiffer battle than the experts thought they would. All but the series opener were close.

We're subscribers to coach Harvey Gibney's idea that "if the Indians had been up against that kind of opposition all season long, they would have pushed the Markies to the limit." Super star for the Indians was goalie Harry Frogley and the gamest, Jimmy O'Hearn, who was out there giving his best despite a painful ankle injury suffered in the previous series with Woodbridge. Bill Patrick missed Thursday's game because of illness. Indians used five juniors, four regularly, Grant Firth, Laurie Thoms, Bill Smith and Rex Bailey, one sparingly, Eddie Williams. All proved the jump to higher company wasn't too great for them to make.

Turning point in the Thursday saw-off came when Aurora goal disallowed. We couldn't see much wrong with it but then, you can go a long way in this quarterbacking business and it's quite a stretch from the penalty box to the goal-mouth.

You ask what's left in hockey: King-Vaughan play-offs, Schomberg has a two-game edge in the best of five. Could wrap it up Friday. 'Bergers currently being sparked by Eddie Michnak, "Army" Carrey, "Hap" O'Donnell and Frankie Hughes. Cliff Chapman and his board of governors are having difficulties getting the Ditch Diggers and Collis "Tanners" to settle the Aurora town league championship. A good many of the die-hards are trekking north to root for the Barrie "Flyers". A bus load and countless cars made the trip Monday to root the Flyers to a 5-3 overtime win.

Protest dept. Ellis Pringle's Sutton "Greenshirts", who brought us some snappy O.R.I.A. spring play-off hockey in their struggle with Haliburton, lost 4-3 Friday in the series decider. The loss supposedly eliminated the Pringle charges.

Howsoever, it seems everything hasn't been on the up and up. Sutton has filed a protest. Haliburton sprung a new net-minder in final two games, a replacement for their supposedly injured regular. Amazing part is that said injured goalie was rink and sign the referees' report well enough to get around to the in person as sub-goalie. The O.R.I.A. set-up does appear a bit whacky. Certainly the Greenshirts had only two home games—both here, one a tie—made four trips to Haliburton or Lindsay, home ice of the Huskies. Greenshirts now await official O.R.I.A. executive verdict and just possibly Pringle's charges may be back here again. Let's hope so.

County notes: Bruce McMillan via Sutton and Aurora juniors of last term, is with Weston "Moderns". Bruce picked up a goal and an assist Saturday as the Westonites doused Orillia hopes. There's a possibility Weston may bring a home game here. Their next opposition in the O.I.A. senior B semi-finals, by the way, is Brantford. Winner of that series meets Markham-Kingston survivors for O.I.A. title.

By the by, rink manager Stan Smith has been pulling in some fine spring hockey via Markham, Bradford and Sutton. Bradford out, Sutton maybe and Markies have returned to Oshawa.

Ever wonder where Harry Milroy, prolific scorer of yesterday with Markham who used to send us home for aspirins, has disappeared to? He's with Highland Creek senior O.R.I.A. team.

Sutton Protests Huskies' Use Of New Goalie In Two Games

"The Sutton 'Greenshirts' dropped a close 4-3 decision to Haliburton in Lindsay Friday. It was the series decider.

"There's a possibility, however, that Sutton may get another crack at the Huskies. It seems they sprang a new net-minder on the Greenshirts, and he proved a pretty tough customer for the Greenshirts to beat in last two games. The Greenshirts have filed a protest on the eligibility of the new net-minder and now await the official verdict from the O.R.I.A.

Getting back to the Friday game, Haliburton carved out a 1-0 first period margin. In two minutes of the second, Sutton took the lead. Keith Dunn was the triggerman on a whistler from the blue-line and Geo. Hol-

born converted a John Learyoy pass for number two.

Then trouble came for Sutton via penalties almost simultaneously to "Skip" Taylor and John Learyoy. Dan Iles, roving Haliburton rear-guard, snapped in two in less than a minute as the Huskies backed the Greenshirts to the wall to take a 3-2 lead.

Jim Taylor, making up for his penalty sentence, tied it with a rink long gallop after 22 seconds of third period action. Then, the unkindest cut of all as Glen Dart, Huskies pivot man, whammed home a close in drive that beat Bella Holder for the game winner. Sutton worked hard for the equalizer but couldn't crack the Haliburton defense.

News of the W.I. In North York

News for this column must be in the office Monday night. Copy must be written as briefly as possible and confined to news and reports. Other than routine reports and announcements will be printed separately.

The March meeting of Kettleby branch was held at the home of Mrs. Norman Blatchford. The roll-call, "Bring an antique", was interesting. The beautiful double-wedding ring quilt donated by Mrs. Wesley Sabin and quilted by the members was on display and ready for the sale of tickets to find its owner. Committees were named for the apron and baking sale with an afternoon tea to be held at the home of Mrs. John Scott in June. Our branch was delighted to have a visit from the district president, Mrs. Baycroft, who talked to us about Friendship. Mrs. E. B. West gave a well compiled history of the Kettleby branch from its beginning in 1911 until the present time. Mrs. Noble Sproule gave the history connected with two famous Canadian women, Laura Secord and Mrs. Walsh. Mrs. Eugene Polkinghorne won the "guess the buttons in the jar" contest. A dainty lunch was served by the hostess and co-hostesses, Mrs. J. E. Blatchford, Mrs. Gordon Cook and Mrs. Murray Cook.

The March meeting of the Queensville branch was held at the home of Mrs. J. L. Smith on Wednesday, Mar. 28. Mrs. Fred Weddel, the president, was in the chair. After the singing of the Opening Ode, the Mary Stewart Collect was recited. Routine business followed. The following nominating committee was appointed: Mrs. W. Cole, Mrs. S. Eves, Mrs. A. J. Milne, Mrs. F. Cunningham, Mrs. L. Wellman, Mrs. F. Weddel, and Miss F. Cranley.

It was decided to hold the April meeting at the home of Mrs. Ross Chapman. Final plans were made for the euchre to be held in the Queensville school on Friday night, April 6.

The program was in charge of Mrs. Willard Cole. Miss Betty Beckett sang a lovely solo. A humorous reading was given by Mrs. E. V. Warren. Reeve John Rye gave a very interesting talk on "Civil Defence and Amalgamation". Mr. Rye and Mr. Wm. King were instrumental in getting a county grant for the Institutes of this district.

A dainty lunch was served by the hostesses Mrs. Geo. Pearson, Mrs. Rex Smith, and Mrs. N. Gibney.

Brownies Entertain Mothers At Scout-Guide Auxiliary Meet

The Newmarket Brownie pack presented a very interesting program at the April 2 meeting of the Scout-Guide Mothers' auxiliary. Held in the scout hall, the meeting was chaired by Mrs. B. L. Sinclair, president.

Mrs. Ray Sherrard, Brown Owl, explained to the mothers that the regular brownie meetings opened with roll call and inspection followed by the "marching snake" during which the weekly collection was deposited in the Brownie thrift box.

The Brownies formed their magic circle. They acted the short story, "I'm a little Dutch girl" with singing and dancing. The round, "Row, Row, Row Your Boat", was enthusiastically presented. Their section of the program was concluded with the grand howl and taps. Mrs. Sinclair thanked the children for their delightful entertainment and said that the auxiliary would look forward to their return visit in the fall.

An informal panel discussion was held. The three members of the panel, Mrs. S. Rose, Mrs. Charles Wass and Mrs. Blanche Morton, voiced their opinions on the questions and then a general discussion period was held. The venture proved very interesting with all the members contributing to the discussion.

The questions considered were: Do you think that boys should help with the cleaning, cooking or other phases of house work? This question received a definite answer in the affirmative. Said one mother, "In the family everyone should contribute to the housekeeping."

Do you think girls should be taught sewing, cooking, nursing and other homemaking arts in the home? It was decided that one couldn't start too soon on this phase of a girl's education.

Suggestions for short cuts for economical living completed the matters considered by the group. Many of the members offered excellent suggestions whereby the daily cost of living could be curtailed.

The next general meeting which is the last for the season will take the form of a social evening. A court whist party will be held. All mothers of brownies, guides, scouts and cubs are invited to attend at the scout hall on Monday, May 7 at 8 p.m.

TO HAVE BOOTH

The York County Hospital Women's aid will have a booth at the annual Community Bazaar in the fall. Money raised through this project will be used to buy needed equipment for the hospital. Members of the aid can assist with this work by preparing their handwork specialties in readiness for the sale.

TO SHOW WORK

The Newmarket Handcraft group has been invited to exhibit work at the display of weaving which is being held at the Toronto Museum during the month of April.

Schomberg One Game To Go To Win King-Vaughan Loop

Schomberg is one game away from packing up the King-Vaughan League laurels. Last Friday, Elgin Hastings' power laden pack won 7-5 over Kleinburg to give the Bergers a two-game edge in the best of five series for the league crown.

Schomberg turned loose a four-goal first period drive and never lost the lead. Eddie Michalak, the Schomberg edition of "The Rocket", had another large evening up front topping the winners with three. Trevor Graham clicked for a pair. Don Marchant and "Army" Carrey worked up one-goal business for the scorer. The Loschuk brothers, Al and Harry, shared the scoring fire-works for Kleinburg. Schomberg could wrap up the

series and championship with a win this Friday. "We might just do that", reports coach-manager Hastings. Game time is 8.30 p.m. at Nobleton.

Lyons Scouts Win 10-6

Newmarket Scout hockey teams captained by Earl Lothian and Dave Lyon, played Monday night at the arena. It was a 10-6 triumph for the Lyons' men. Laurie VanZant ran wild to spark the winners with seven goals. Capt. Dave Lyon sniped for two, Paul Cameron one.

Earl Lothian made a gallant attempt to stop the opposition with five goals. John Graham got in a single. The Lyons troopers are more or less claiming the Scout championship on a previous occasion they eased out a 2-1 victory.

Expect Arena To Close For Season On Saturday

Unless Sutton "Green-shirts" are fortunate enough to get a favorable hearing on their protest, now pending before the O.R.H.A. executive, or other hockey games come along before Saturday, the arena will likely close for the winter season this Saturday evening, April 7, reports rink manager Stan Smith.

Season will close with skating tomorrow and Saturday evening. Weston, presently engaged in a semi-B final series with Brantford, were considering Newmarket for home ice but latest advice is that they've agreed to play all their home games on Brantford ice.

Indians Bow Out To Markham, Lose Series In Four Straight

The 850 fans, mostly Aurora supporters, in the Newmarket arena Thursday had to face the fact the Markies had just a little too much scoring power for the Indians.

Those fans saw Markham "Millionaires" over-ride the Indians for a 3-1 victory. The Markies took the series, four out of seven, in four straight. Surprisingly enough, most wiscards figured the Dollar men would run away from the Indians. Outside of the 6-1 opener, the other three games could have gone either way.

The turning point in the Thursday's game came early in the second. Markham tied the score, Earl Clements' goal-side tip-in shot equalizing a first period effort by Grant Firth. Orrie Thoms and Keith Wardell. Jimmy O'Hearn on the attack slid in on top of Hector in the Markies' cage, the puck appeared to pop loose and Harry Morrison, trailing his mate, promptly did what he oughter—popped it in.

Referee Pearcey Allen didn't see it that way and shaking aside Indian queries, ruled no goal.

Following hard on the heels of this turn of misfortune, Grant Firth drew a misconduct stay for questioning the eyesight of referee Allen. Firth's misconduct came at 15:26 and at 15:38 Ken Brennan, the pace-setter with the dollarmen, beat down Harry Frogley's strongly defended bastion for the tie-cracker. It was again the smooth skating Brennan's know how around the Indians' cage that skooked Markham into a 3-1 edge at 7:43 mark of the third.

Shots on goal were even, 29 drives at Harry Frogley - equal number lifted at Hector.

Tanners Take First Game From Diggers In Aurora Final

While most of the hockey filberts were taking their treatment via the airwaves Tuesday, there were big doings at the Aurora arena. The Ditch Diggers and Collis Leather "Tanners" were at it for the Aurora Town League crown. The Tanners, the favorites, clipping along at a goal a period pace, put the boots to the Ditch Diggers 3-1.

It was the first game in the best three out of five set for the league championship. The teams reported to the dressing rooms after round one evened at 1-1. Bill Kirbyson gave John O'Mahoney the go-ahead signal on a clear channel to creek open the Tanners' scoring. "Shorty" Sutton picked up a pass from center-man Doug Miller to make it even.

It was a Tannery spectacle from there on in a scoring way. Walt Davis slammed home a Bill Merner pass for the middle round Collis score. Bill Merner added the insurance marker midway through the finale after Art White had set him up inside the Diggers' blue stripe. Ron "Stoneval" Brown, making like Turk Broda in the Tannery cage, broke the hearts of the Diggers, being especially tough on Mickey Sutton, Doug Miller and Hal Stephenson. "Mouse" McMain, his opposite Shovel number, kicked away some dandies. Date of the second game in the best of five set hasn't been settled on yet.

Collis: R. Brown, H. Sutton, S. Kerr, W. Davis, W. Merner, A. White, R. Holbrook, L. Fleury, G. Smith, J. O'Mahoney, W. Kirbyson, A. Bonham.

Ditch Diggers: H. McMain, M. Sutton, T. Sutton, D. Miller, H. Stephenson, B. Knight, E. MacDonald, P. Knowles, D. Watson, R. Smith, D. Bachly, F. Young.

Referee: L. Doolittle.

DOWN THE CENTRE BY AB HULSE

Red Ink Flowing On Hockey Books

A gory tale in red ink is the outcome of hockey efforts in Aurora this season, and we suspect, in a good many other centres too if the truth were told. We can't reveal the actual figures as we haven't seen the balance sheets, but it's safe to say that Aurora Bears and Aurora Indians combined dropped over \$4,000 on the season.

That's a tough pill to swallow, especially by those who are carrying the load and could spell finis to the efforts of those optimistic and hardy souls who take on the job of sponsoring or acting as executives of the clubs. The creditors of the clubs will be of course be paid but it emphasizes more than ever the fact that if you haven't a winner, you can't pick up any blue chips. Aurora Cubs, we understand, broke about even but a generous sponsor and volunteer enthusiasts made that possible and of course they had no pay roll. It presents a somewhat gloomy picture for those who might want to venture in the hockey field in the future.

The Indians are billed to play a seven-game series with Toronto to Wheelers for the Metropolitan Cup, a series we had thought concluded by the schedule some weeks ago. Just how well that one will draw remains to be seen, but it's hardly calculated to arouse the pulse beats of the fans and after all it is April when most of the fans are getting a bit surfeited with hockey. The club needs support and they have one or two money-raising schemes in mind which we hope, will appeal to the fans.

Harry Morrison and Jimmy O'Hearn left Aurora to return to Midland this week and sports fans were sorry to see them leave. Both boys were popular and did their best for the club. They may be back next year and if so, won't count as imports. O'Hearn played the Markham series with a gimpy knee that detracted from his efforts and slowed him up 50 percent. In the same series, Bill McDell had no license to play in the last two games because of a leg injury and in the final game when Aurora went down to defeat it might have won with luck. Bill Patrick was absent. Don't know who will get the most valuable player award but we would judge that it will be Larry if Harry Frogley or Don Campbell fail to get the nod from their mates.

Stouffville Clippers was the first club to come up with a choice and goalie Jack Rhodes was picked by his teammates for the honor after a great season in the nets. Already the Clippers are planning for a new season, most of the boys being ready for another season and one or two weak links to be changed. Rumor has it that Ross Hochberger will play senior hockey in Shawinigan Falls next winter and there's a rumor too that Bob Bangay may not return as coach, although he had a fine record on the season.

With the Clippers out of the action a good many of the fans are rallying to support of Markham Millers, currently meeting Kingston, but at home

Musselman's Lake, entered in the King Clancy T.H.L. derby, are developing quite a following. They've won five straight and certain good finals.

The roster reads mighty fan-ilar: Bill Mulholland is in the nets. On defence, Kirk Paisley, Len Wilkes, Russ Forfar and "Mr. Baseball" Earl Cook hold the blue line. Forwards include Archie Forfar, Murray Stewart, Bruce Paisley, Morley Smalley, Lloyd Jennings, Herbie Simpson (the mighty atom), Ken Laushaway, Stouffville arena manager, Skipper Taylor, Jack Davis, Whitey Broadway and Johnny Learoyd. The Clancy series will go until mid-May and the boys will be plenty tired of hockey before it's over.

Fred "Whitey" Williams is manager of the team and the team and the lads are paying their own gas, own eats and 50 cents per game at the gate for the privilege of playing. Who could talk about a deficit with a spirit like that?

They tell me that if a test for accurate shooting was held among all the district hockey crop that Ken Laushaway would not have to take a back seat from anyone. He can place the puck almost as accurate as Howard Morton, Bert Morrison, George Higgins and all the top shots at the Whitechurch Gun club. Some of the gun club boys were over at Hamilton last week and made a mighty fine showing as well as seeing some topgrade shooting by experts from all over the continent. Last week the club members and their fraus had a social evening, going by bus to Barrie for the Windsor-Barrie contest and blue plate special.

A journey out to the club premises any Sunday is worthwhile and you'll find the welcome sign out at all times. Can't say much about the road conditions at this stage so don't blame us if you get stuck in the mud.

Baseball is getting a bit of play right now as Loring Doolittle gets in shape for a spot with the Kingsway Lumber club in the Danforth circuit. Stouffville ordered classy new blue and white uniforms and hopes to keep Jack Davis, a southpaw from the west, in tow despite an offer from Oshawa, who has already snared high-pockets Miller from the Beavers. Bobby Harsard, currently with Maple Leafs in the Stanley Cup series, will again be back as playing manager.

It's no secret that Stouffville hopes to secure Normie Stouden, Richmond Hill, for diamond action this summer. Stouden clearly demonstrated in the hockey play-offs just how handy he is with his hands, and the value of baseball training for a netminder. He has a sure pair of hands, an eagle eye and coolness under the heaviest fire.

Aurora Legion Field Day this year will give a boost to minor baseball. It's hoped to stage one of those eight-club tournaments that featured kid baseball throughout Ontario last winter. Lansing softballers have deserted the North Yonge loop and will play in the Davisville senior circuit this year. Jackie Statham hopes to snare Bill Bowen and Army Armstrong from Fred Morris' Langstaff champions. King

Twin Bill At Aurora Ladies, Juniors Play

Anybody still hankering for some hockey? Here's your chance. There's a double-header attraction coming up tonight in Aurora arena. Opener in the double bill will be the Keswick-Aurora ladies game for the North York championship. Following this, the district fans can look in on a sneak preview of what the 1951-52 hockey season may have to offer in Junior. Newmarket "Rockets" will play a visit to Andy Cross' Aurora "C" club for an exhibition game. Ladies' game starts at 7 p.m., junior game at 8.30 p.m., junior game at 8.30

Keswick, Sutton Yet To Finish Play-offs

The play-off series between Keswick and Sutton "Green-shirts" for the western division championship of the Tri-County League still remains under the heading of unfinished business. In fact, fans in both Lake Simcoe centres are giving odds that it never will be completed. Sutton has been busily engaged in O.R.H.A. play-offs with Alliston, Bradford and Haliburton over the past month.

One game in the best of three series did get played. Keswick suffered a one-sided 11-3 setback. Tom Hare, Ken Davis and Jack Cole were Keswick goal-notchers. Sutton power-house line of John Learoyd, Geo. Holborn and "Skip" Taylor provided the scoring wattage for Pringle's green-shirted crew.

Newmarket Wins N. York Birdie Title

Newmarket Badminton club is North York champion. Newmarket copped the title by salvaging one point out of a possible two with the strong Aurora club on its own courts. That one point was all it needed. It enabled Newmarket to top the league with a five-point spread. Willowdale the runner-up with four, Aurora, defending champion, three.

The local racquet wielders will hold the Bob Yates trophy, emblematic of league championship, for this season. Results with Newmarket players named first were: men's doubles: Bob Yates and Jack Hamilton defeated Keith Nisbet and Frank Wims 15-1; Charlie Lee and Chas. MacLeod won over Wilb Preston and Lyle Sparks 15-11;

Ladies' doubles: Florence Callaghan and Irene Curtis lost to Phyl Angle and Claire Brown 6-15; Frances MacLeod and Eva Whitfield were defeated by Pauline McKenzie and Maxine Nisbet 6-15;

Mixed doubles: Florence Callaghan and Bob Yates won a hard-fought set from May Fry and Keith Nisbet 15-13; Frances MacLeod and Jack Hamilton were defeated by Phyl Angle and Frank Wims 4-15; Irene Curtis and Charlie Lee defeated Pauline McKenzie and Lyle Sparks 15-12; Eva Whitfield and Charles MacLeod lost to Maxine McKenzie and Wilb Preston 7-15.

TOURNAMENT A SUCCESS
North York Badminton League closed up business for this season last Friday and Saturday with a tournament open to players from the league's three teams, Aurora, Newmarket and Willowdale. Richmond Hill players were under the Aurora banner.

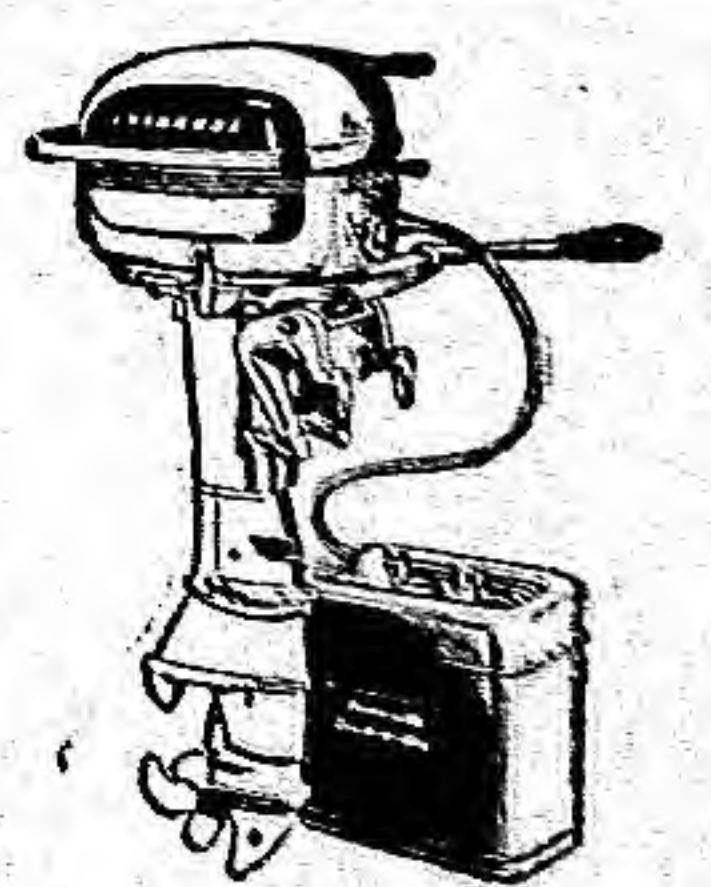

Play for the three prizes, mens, ladies and mixed doubles, was conducted at the High school and Pickering College courts. Approximately 40 teams took part in the three divisions. Winners were declared as follows:

Mens' doubles: Bob Yates (Newmarket) and Eddie Chambers (Willowdale) teamed up to defeat Harry Boyd (Aurora) and Ron Healy (Willowdale) for the mens' championship. Scores were 15-10, 15-12.

Mixed doubles: Helen Coveney (Newmarket) and Harry Boyd (Aurora) defeated Irene Curtis (Newmarket) and Bert MacDonald (Willowdale) 17-15, 15-12, to capture top honors in this division. The mixed tournament drew the largest entry, 20 teams.

Ladies doubles: Aubrey Ramsay (Willowdale) and Florence Callaghan (Newmarket) won the ladies doubles championship defeating Mac Fry (Aurora) and Rose MacDonald (Willowdale). 15-12, 17-14.

The North York Badminton League teams have a big social evening and dance at the Graystones, Friday, April 6, to close out activity for this season.
